Richard S. Salzman, Esq.  
Chairman, Atomic Licensing  
and Appeal Board  
United States Atomic Energy Commission  
Washington, D. C. 20545

In the Matter of Pacific Gas and Electric Company  
(Diablo Canyon Nuclear Power Plant, Unit 2)  
Docket No. 50-323 NEPA

Dear Mr. Salzman:

This is to advise you that the Atomic Energy Commission Regulatory Staff has no objection to the extension of time in which to file an appeal requested by Mr. Gordon Silver of Scenic Shoreline Preservation Conference, Inc., in his letter to Alan Rosenthal, Esq., of July 30, 1974.

Although Mr. Silver's petition refers to an appeal from an order of the Licensing Board, it is our understanding that he actually intends to file an appeal from the Initial Decision issued by the presiding Atomic Safety and Licensing Board on August 2, 1974.

I have contacted Counsel for the Applicant and for the California Public Utilities Commission and have been authorized to represent that they similarly have no objection to Mr. Silver's request.

Sincerely,

Lawrence J. Chandler  
Counsel for AEC Regulatory Staff
