Dockets: 50-275/307

Dear Mr. Crane:

On Dec. 17, 1975 I wrote to you about the Offshore Geophysical Survey Records mentioned in your Dec. 8, 1975 correspondence to the Director, Division of Reactor Licensing. At that time we asked for a copy of the survey records.

On Dec. 31, 1975 you replied, stating that the material was proprietary but that if we wished to review the data a mutually convenient time and place could be arranged.

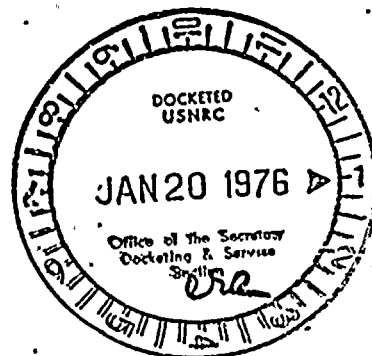

We do wish to review the above mentioned documents. You have a local office here in San Luis Obispo and we are requesting that the documents be sent to that office. On a designated convenient date and time we will come to the office, with our geological consultant, to review them.

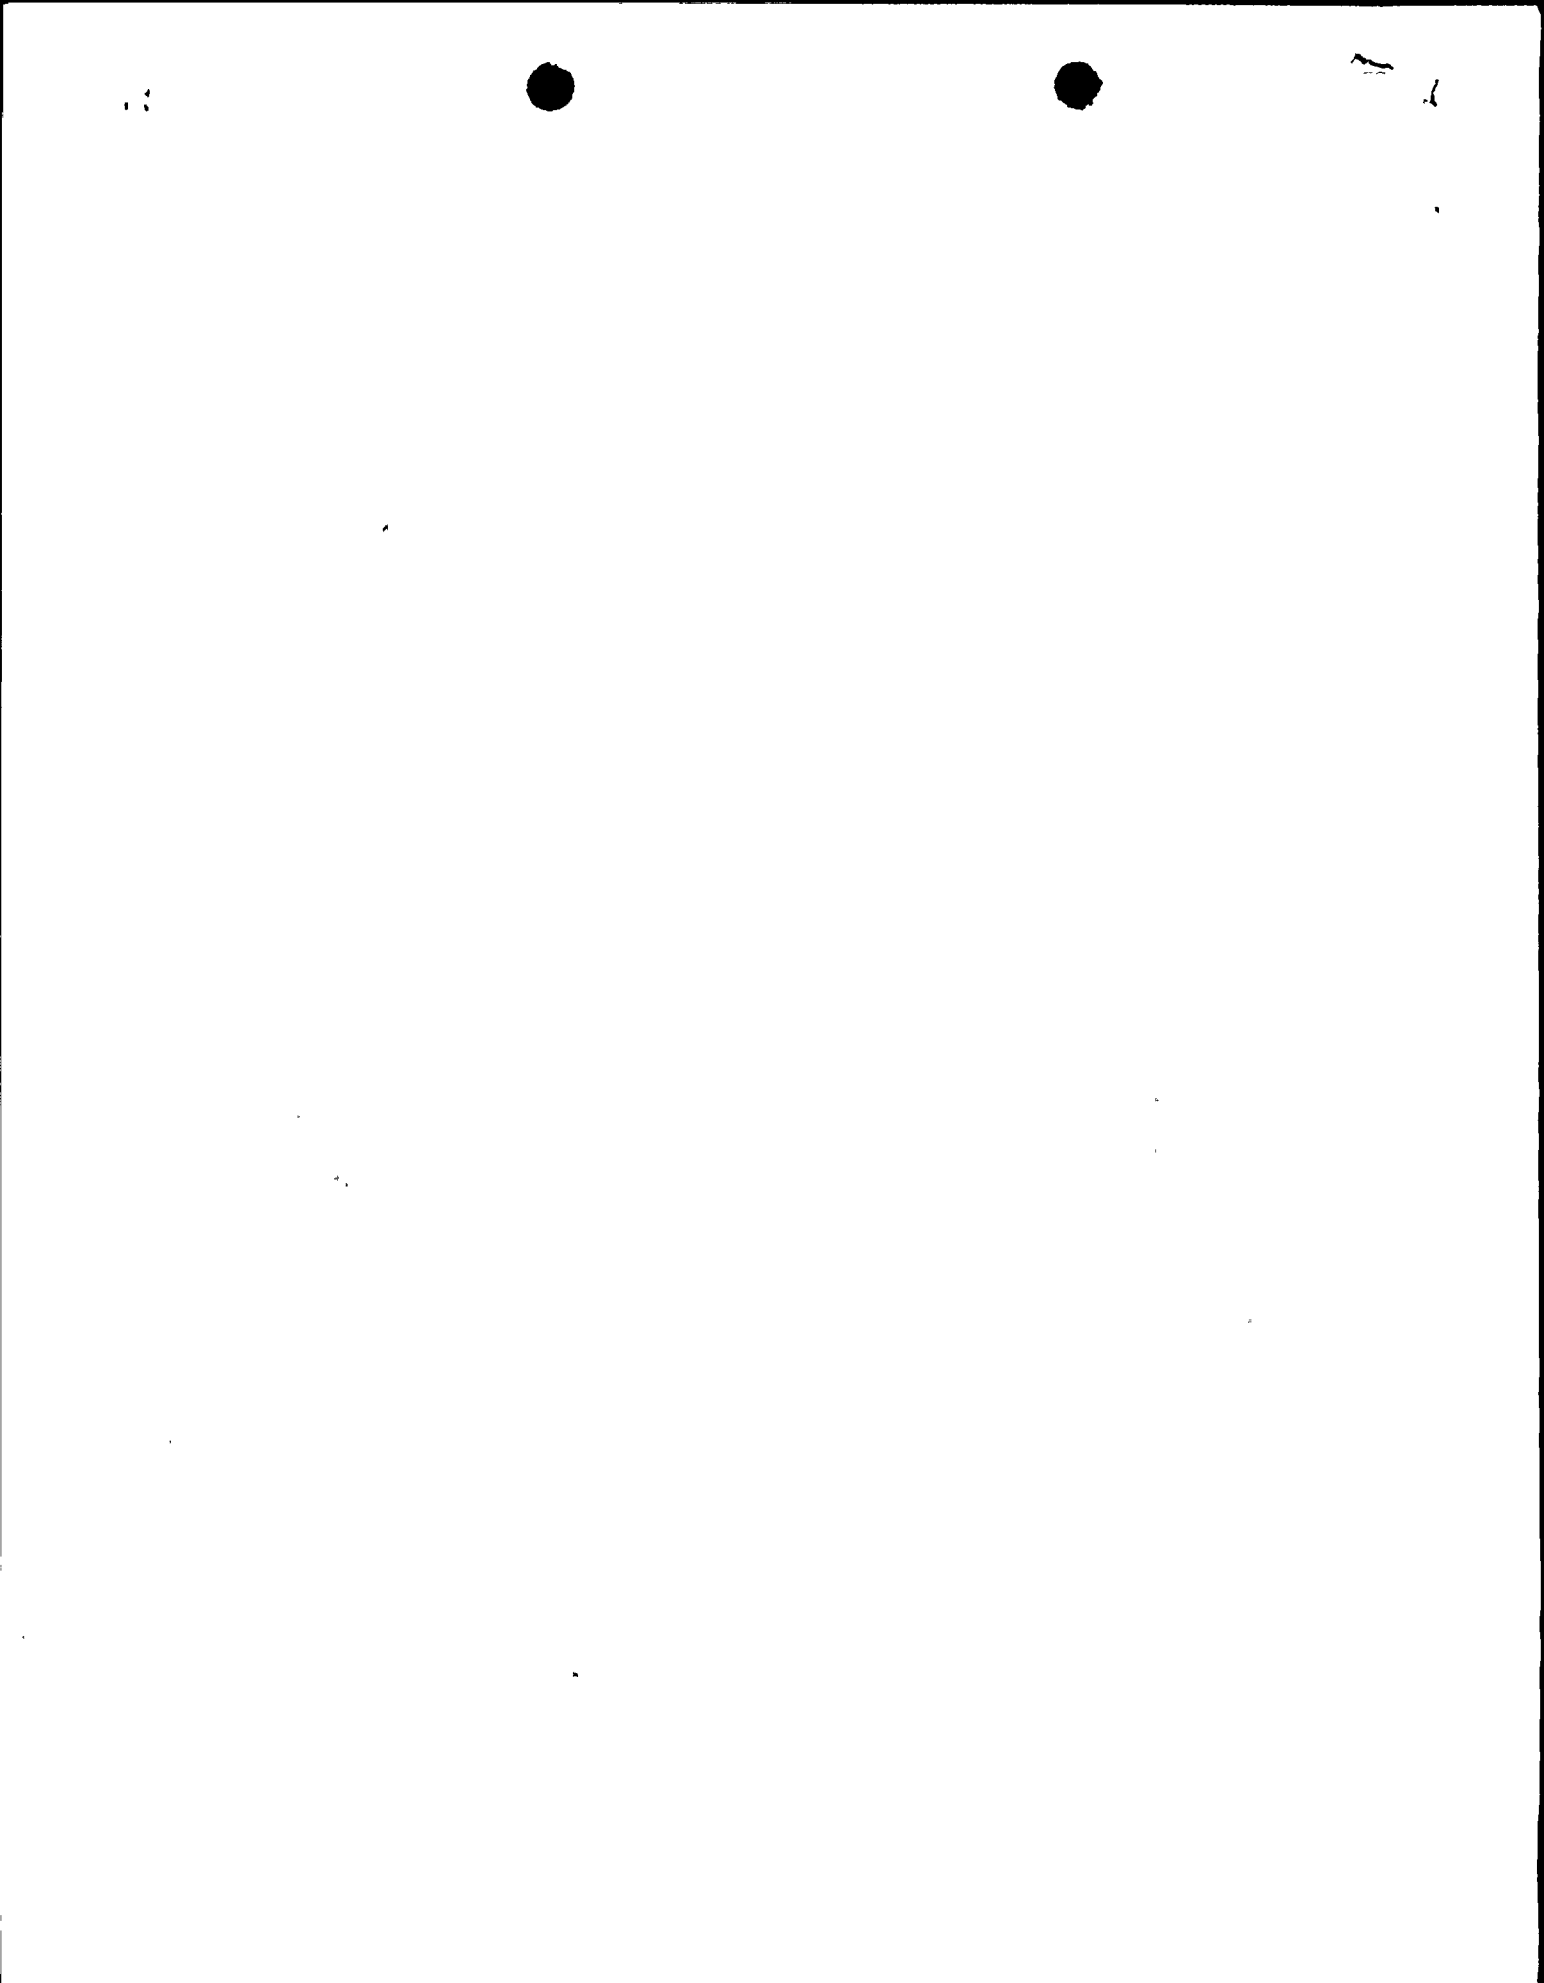

Respectfully submitted,

On behalf of the San Luis Obispo Mothers for Peace, I request that you notify me, in advance, of the month and day that nuclear fuel assemblies are scheduled to be delivered to Diablo Canyon, in San Luis Obispo County.

If you are unwilling to give the Mothers for Peace such information, please notify me promptly of that fact.
