Federal Register Notice

NUCLEAR REGULATORY COMMISSION
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
SUBCOMMITTEE ON THE DIABLO CANYON NUCLEAR STATION, UNITS 1 AND 2

Notice of Meeting

In accordance with the purposes of Sections 29 and 182b. of the Atomic Energy Act (42 U.S.C. 2039, 2232 b.), the ACRS Subcommittee on the Diablo Canyon Nuclear Power Station, Units 1 and 2, will hold a meeting on Aug. 2, 1977, at the Royal Court Inn, 1750 S. Elmhurst St., Chicago, IL 60018. The purpose of this meeting is to continue the review of the application of the Pacific Gas and Electric Company for a permit to operate this Station.

The agenda for subject meeting shall be as follows:

Tuesday, August 2, 1977

8:30 a.m. until conclusion of business

The Subcommittee may meet in open Executive Session, with any of its consultants who may be present, to explore and exchange their preliminary opinions regarding matters which should be considered during the meeting and to formulate a report and recommendations to the full Committee.

At the conclusion of the Executive Session, the Subcommittee will meet in an open session to hear presentations by and hold discussions with representatives of the NRC Staff, the Pacific Gas and Electric Company, and their consultants, pertinent to this review.

At the conclusion of this session, the Subcommittee may caucus in an open session to determine whether the matters identified in the initial session have been adequately covered and whether the project is ready for review by the full Committee.

It may be necessary for the Subcommittee to hold one or more closed sessions for the purpose of exploring with representatives of the NRC Staff and the Pacific Gas and Electric Company matters involving proprietary information.

I have determined, in accordance with Subsection 10(d) of Public Law 92-463, that it is necessary to conduct the above closed sessions to protect proprietary information (5 U.S.C. 552 b (c) (4)).

Practical considerations may dictate alterations in the above agenda or schedule. The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including provisions to carry over an incompletd open session from one day to the next.

The Advisory Committee on Reactor Safeguards is an independent group established by Congress to review and report on each application for a construction permit and on each application for an operating license for a reactor facility and on certain other nuclear safety matters. The Committee's reports become a part of the public record. Although ACRS

meetings are ordinarily open to the public and provide for oral or written statements to be considered as a part of the Committee's information gathering procedure concerning the health and safety of the public, they are not adjudicatory type hearings such as are conducted by the Nuclear Regulatory Commission's Atomic Safety & Licensing Board as part of the Commission's licensing process. ACRS meetings do not normally treat matters pertaining to environmental impacts outside the radiological safety area.

With respect to public participation in the open portion of the meeting, the following requirements shall apply:

- (a) Persons wishing to submit written statements regarding the agenda may do so by providing 15 readily reproducible copies to the Subcommittee at the beginning of the meeting. Comments should be limited to safety related areas within the Committee's purview.

Persons desiring to mail written comments may do so by sending a readily reproducible copy thereof in time for consideration at this meeting. Comments postmarked no later than July 26, 1977 to Mr. John C. McKinley, ACRS, NRC, Washington, DC 20555, will normally be received in time to be considered at this meeting.

Background information concerning items to be considered at this meeting can be found in documents on file and available for public inspection at the NRC Public Document Room 1717 H Street, NW, Wash., DC 20555, and at the San Luis Obispo County Free Library, San Luis Obispo, CA 93406.

- (b) Persons desiring to make an oral statement at the meeting should make a written request to do so, identifying the topics and desired presentation time so that appropriate arrangements can be made. The Subcommittee will receive oral statements on topics relevant to its purview at an appropriate time chosen by the Chairman.
- (c) Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call on August 1, 1977 to the Office of the Executive Director of the Committee (telephone 202/634-1371, Attn: Mr. John C. McKinley) between 8:15 a.m. and 5:00 p.m., EDT.
- (d) Questions may be propounded only by members of the Subcommittee and its consultants.

(e) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session. Recordings will be permitted only during those open sessions of the meeting when a transcript is being kept.

(f) Persons with agreements or orders permitting access to proprietary information may attend portions of ACRS meetings where this material is being discussed upon confirmation that such agreements are effective and relate to the material being discussed.

The Executive Director of the ACRS should be informed of such an agreement at least three working days prior to the meeting so that the agreement can be confirmed and a determination can be made regarding the applicability of the agreement to the material that will be discussed during the meeting. Minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement,

the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to Mr. John C. McKinley of the ACRS Office, prior to the beginning of the meeting.

- (g) A copy of the transcript of the open portion(s) of the meeting where factual information is presented and a copy of the minutes of the meeting will be available for inspection on or after August 9 and November 2, 1977, respectively, at the NRC Public Document Room, 1717 H Street, N. W., Washington, DC 20555 and at the San Luis Obispo County Free Library, San Luis Obispo, CA 93406.

Copies may be obtained upon payment of appropriate charges.
