Dear Mr. Lawyer:

On September 13, 2016 we request a license amendment to increase the maximum amount of Ni 63 to include two additional sources. Because the sources are generally licensed, we are not interested at this moment to continue with the license amendment request.

If you have any concerns, or need additional information, please contact me at phone number (787) 832-4040 ext. 3506 or 3221.

Cordially,

Mrs. Damaris Santiago-Santiago
Radiation Safety Officer
