**BEFORE THE COMMISSION**

DECLARATION OF DAVID H. SCHONBERGER IN SUPPORT OF CITIZENS' RESISTANCE AT FERMI 2 (CRAFT) MOTION TO RE-OPEN ADJUDICATION IN DOCKET NO. 50-341-LR

I, David H. Schonberger, declare as follows:

- I reside at 2036 Pauline Blvd., Apt. 2A, Ann Arbor, Michigan, 48103, which is located within 50 miles of DTE Electric Company's Fermi 2 Nuclear Power Plant.
- I know that the proposed operating license extension represents a real and unnecessary threat to my health and safety and would, if granted, adversely impact the environment and my quality of life in southeast Michigan, even under normal conditions.
- The real dangers of continued operations at Fermi 2 include the potential for a severe accident on the scale of the Fukushima disaster in Japan.
- In order to ensure that the NRC's Fermi 2 license renewal proceeding addresses my concerns, I hereby authorize CRAFT to act on my behalf as a Petitioner/Intervenor.
- In the event that I am not granted CRAFT Representational Standing based on a proximity presumption, I seek standing to intervene as an individual.

I declare that the foregoing statements are true and factual to the best of my knowledge and that any expressed opinions are based on my own judgment.
