

December 22, 2016

Dr. George Flanagan, Chair
American Nuclear Society
c/o Advanced Reactor Systems and Safety Group
Reactor and Nuclear Systems Division
Oak Ridge National Laboratory
Building 5700, MS 6165
PO Box 2008
Oak Ridge, Tennessee 37831-6165

Dear Mr. Flanagan:

I would like to nominate the NRC staff listed in Enclosure 1: NRC Staff Nominated to be Members of an ANS Committee, to be the authorized NRC representatives on the indicated committees. These individuals are highly competent in the areas of expertise and will be able to contribute to the committee's efforts.

In addition, the NRC needs to inform you that individuals listed in Enclosure 2: Termination of ANS Committee Memberships for NRC Staff, are no longer able to serve as NRC representatives on the indicated ANS committee. Please remove these individuals as the NRC representative from the subject committees.

In accordance with the Office of Management and Budget Circular No. A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," January 27, 2016, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on consensus standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence to these nominated individuals should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN: [Individual's name]
Washington, D.C. 20555

Additional contact information for each individual is provided in the attached table.

Thank you very much for providing NRC with the opportunity to participate in the work of your committees.

Sincerely,

/RA/

Brian E. Thomas
NRC Standards Executive
Office of Nuclear Regulatory Research
