SUBJECT: CLINICA CARDIOVASCULAR DE GUAYNABO, REQUEST FOR ADDITIONAL
INFORMATION, MAIL CONTROL NO. 592097

Dear Dr. Rosado:

This is in reference to your application dated September 9, 2016, requesting to renew NRC License No. 52-31182-01. In order to continue our review, we need the following additional information:

1. Please confirm whether or not you will be leasing space to Dr. Nieves as described in our March 11, 2016, letter to you. If a lease is in effect, please include a copy of the lease and address the items raised in the March 11, 2016 letter (ADAMS No. ML16081A415).
2. Please submit the updated facility diagram clarifying the location of the hot lab.
3. Re-submit the NRC Form 313 with the corrected address where licensed material will be used or possessed (item #3) and with your **signature** as the certifying Officer in item #13.
4. Lastly, please confirm that the facility will have and use a dose calibrator for measuring doses prior to administration.

We will continue our review upon receipt of this information. Please reply to my attention at:

Robin Elliott
Mail Control No. 592097
USNRC, Region I
Division of Nuclear Materials Safety
2100 Renaissance Boulevard
King of Prussia, PA 19406

In order to continue prompt review of your application, we request that you submit your response to this letter within 30 calendar days from the date of this letter.

An electronic version of the NRC's regulations is available on the NRC Web Site at: www.nrc.gov. Additional information regarding medical uses of radioactive materials may be obtained on the NRC Web Site at: <http://www.nrc.gov/materials/miau/med-use-toolkit.html>. This site also provides the

updated Training and Experience NRC Form 313A series of forms and guidance, as well as information on the revised regulations for naturally-occurring and accelerator-produced radioactive materials (NARM).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>. Please be aware that you may request that certain portions of your submittal to NRC be withheld from public disclosure as proprietary information. To do this, you must execute an affidavit as specified in 10 CFR 2.390. You must list all portions that you wish to be held proprietary, along with your reasoning as to why that is appropriate. While it is allowable, please refrain from submitting proprietary information in support of a license unless necessary. Keep in mind that all NRC licenses are considered to be in the public domain, and therefore may be viewed by any member of the public who requests to see them.

If you have any questions regarding this request for additional information, please contact me at 610-337-5076 or via electronic mail at robin.elliott@nrc.gov.

Thank you for your cooperation.
