Samuel J. Chilk
Secretary of the Commission
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Chilk,

I strenuously object to the secret meeting held on October 19 between Chairman Hendrie of the N.R.C., Commissioner Kennedy of the N.R.C. and the P.G.&E, officials!

This type of meeting is patently unfair, and violates due process and the agreements by which the licensing of Diablo is to be decided.

I urge that Hendrie and Kennedy be disqualified from further decisions concerning Diablo Canyon Nuclear Power Plant.

Sincerely,

Shani C. Cummings

Please be so kind as to distribute copies of my letter to members of the Commission. Thank you.
