This letter is to inform you that I want the EARTHQUAKE hearings for Diablo Canyon to be held in San Luis Obispo so that I can hear what is said.

We as residents of San Luis Obispo have the right to know what is going on in your beauracratie processes of justice/safety.

Hiding your game in Washington or Bethesda will only procrastinate the end of the nuclear era. What the power monopolies are doing is not right geologically, evolutionary, or morally.

I support an economy stimulating solar transformation - self-sufficient monopoly boycoting future. The gasoline/nuclear age is crumbling - wise up martin!

No Nukes please

for my great great grandchildren's sakes
get it.

Re: Objection to Location of
Appeals Hearing on Diablo
Security Issues (Doc. Nos.
50-2750L & 50-3203L)

Dear Mr. Salzman:

The Concerned Citizens of San Luis Obispo County expresses its strong objection to the decision of your board to hold the scheduled hearing in San Francisco on security issues relating to the proposed Diablo Canyon Nuclear Power Plant.

This citizen's group represents a responsible and broad-based community concern about the safety and risks of this proposed facility, and feels strongly that the appeals hearing should be held in this county.

Although it is understood that this appeal proceeding will not include public participation, may we assure you this proposed action can only deepen the community's suspicion that your agency and the applicant are engaged in a conscious effort to keep crucial issues of local public health and safety removed from the very people who will carry the burden of risk. Such conduct was reproved by the President's Commission on the Accident at Three Mile Island.

The local public has long been without complete information and knowledge on the issues surrounding the applications of PG&E for Diablo. Will your panel perpetuate this unfortunate condition?

Acknowledged by card... *1/24/80*

It is urged that you re-notice the hearing and schedule the proceeding in the San Luis Obispo area at a time convenient to the public, the parties and the board.

Sincerely,

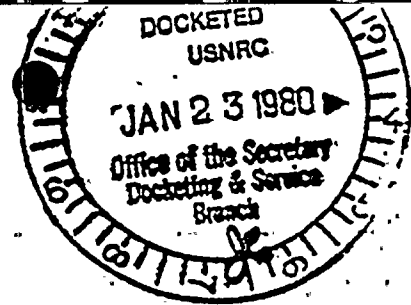

Janet Barrows
