Atomic Safety & Licensing Board of Appeals  
4550 East West Highway  
Bethesda, Maryland 20014

Gentlemen:

I am advised by the Counsel for the Joint Intervenors at Diablo Canyon, that you have commenced the briefing procedure for the Oral Arguments on the licensing of the Diablo Canyon Plant in California, and that the subsequent Oral Arguments are to be held in Bethesda, Maryland.

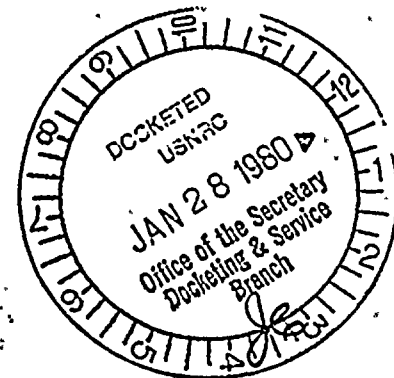

In view of the enormous public interest surrounding the licensing of the Diablo Canyon Plant in my Congressional district, I request that you reconsider the location of the Oral Arguments and recommend that you hold them locally.

Thank you for your attention.

Sincerely,

  
ROBERT J. LAGOMARSINO  
Member of Congress

January 15, 1980

Docket Nos. 50-275/323

Honorable Robert F. Peckham  
Chief Judge  
U. S. District Court  
U. S. Courthouse  
P. O. Box 36060  
San Francisco, California 94102

ATTN: Ms. Kumi Okamoto

Dear Ms. Okamoto:

This will confirm our conversation concerning my request for hearing space in San Francisco.

I understand that Courtroom 12, 19th Floor, Federal Building and Courthouse, 450 Golden Gate Avenue in San Francisco, has been reserved for use by a three member Atomic Safety and Licensing Appeal Board for an oral argument beginning at 9:00 a.m. on January 23, 1980. The oral argument, which is in the matter of Pacific Gas and Electric Company's Diablo Canyon nuclear facility, may be attended by approximately 75 people.

Mr. Richard Salzman, chairman of the board, is most appreciative of your assistance. Should you need to contact us, please call me on (202) 634-1437.

Sincerely,

Eugenia M. Pleasant  
Administrative Assistant/Assistant Chief  
Docketing and Service Branch  
Office of the Secretary
