To Chairman Joseph Mondrie, NRC:

Over the years, I have watched, with a
bittersweet cynicism, the NRC at work. It
has not been a regulatory commission, but
rather a condoning body. Until very recently,
the NRC has never refused any public utility
requests regarding nuclear power. Now more
than ever, I beg that you use your common
sense. Do not, please, do not license Diablo
Canyon. The fault ~~is~~ nearby is bad enough,
but just talk to the workers as I have & you'll

get a true picture of the real
threat of nuclear accidents.
Also, the question of waste is still
unanswered!! The legacy of
idiots
Please help,
