Re: Docket No. 50-275  
Docket No. 50-323  
Diablo Canyon Units 1 and 2

Subject: IE Bulletin 80-23, Failures of Solenoid Valves  
Manufactured by Valcor Engineering Corporation

Dear Mr. Engelken:

This letter is being submitted in response to IE Bulletin 80-23 concerning failures of solenoid valves manufactured by Valcor Engineering Corporation. No Valcor valves having part numbers V70900-21-1 or V70900-21-3 have been, or are planned to be, installed at Diablo Canyon. The requirements of IE Bulletin 80-23 are therefore satisfied and no further action is necessary.

Approximately three man-hours were expended in conduct of the review and preparation of this response.

Very truly yours,

*Philip A. Crane, Jr.*

CC: Director  
Division of Reactor Operations Inspection  
Office of Inspection and Enforcement  
U. S. Nuclear Regulatory Commission
