Dear Mr. Hendrie

I am writing to express my concern over the licensing of Diablo Canyon Nuclear Power Plant. Personally, I am not against all uses of nuclear power; however, I am against uses of nuclear power that pose hazards.

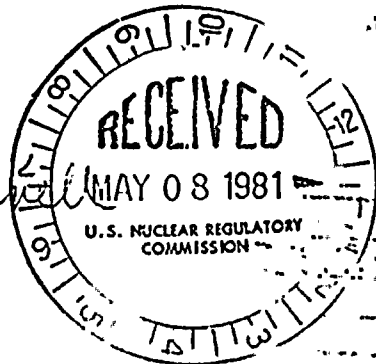

I believe that the nearby presence of the Hosgri Fault off of the California coast presents a great risk to the surrounding area. Although Diablo Canyon has been upgraded externally, the danger still exists.

Certainly a review of the design and safety measures of the plant are necessary before a sane decision may be made as to its licensing.

Sincerely yours

*(MS) Kathleen O'Donnell*
