

Dear Sir;

4/20/81

DOCKET NUMBER PROD. & UTIL. FAC. 50-275,323

I am writing you this letter to let you know how concerned I am about the Diablo Canyon Nuclear Power Plant.

I have lived in this county for fifteen years and was never aware of any dangers from Nuclear Accidents. If I would have been well informed of the dangers before the building of that plant I would have done everything in my power to try and stop it.

I am very concerned about Diablo being built so close to the Hosgri Earthquake Fault. That Fault is capable of much destruction and the Power Plant possess potential danger. I think we are messing with things far out of our control.

I am also very concerned about ~~the~~ effects of low level radiation. The studies are now starting to show that there is a very good chance that they are Cancer causing. I am at a child bering age and am very concerned about this, and am beginning to think that raising a child in this type of enviornment would be disastrous.

I am asking you to do everything in your power to put a stop to the liscensing of the Diablo Canyon Power Plant.

My husband and I are doing everything we can to conserve energy so we don't have to depend on Nuclear Energy.

If the government wants us to stop our consumption of gasoline, then let's have a bill to stop the consumption of electricity so we don't need Nuclear Energy.
