Docket Nos. 50-275
50-323

REG FILE COPY

Pacific Gas and Electric Company
P. O. Box 7442
San Francisco, California 94106

Attention: Mr. Philip A. Crane, Jr.
Assistant General Counsel

Gentlemen:

Subject: NRC Inspection - Diablo Canyon Units 1 and 2

This refers to a special inspection conducted by NRC Region V personnel on October 14-23, 1981, of activities authorized by NRC License Nos. CPPR-39 and CPPR-69.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records and interviews with personnel.

In accordance with 10CFR2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. The inspection report has been reviewed by Messrs. Warren Raymond and Richard Locke, of PG&E, and they have determined that it does not contain any information that they believe to be exempt from disclosure under 10CFR9.5(a)4.

At some future date the enclosed inspection report will be published as NUREG 0862, entitled: "Special Inspection of Seismic Design Errors Associated With Diablo Canyon Units 1 and 2." A copy of the NUREG document will be submitted to you by this office upon its publication.

Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

Amo
