Re: Docket No. 50-275
Diablo Canyon Unit 1
License No. DPR-76

Subject: DCNPP Independent Design Verification Program, Fourteenth
Semimonthly Status Report for May 13, 1982 through
May 26, 1982

Gentlemen:

Enclosed is our fourteenth semimonthly status report as Program Manager
for the DCNPP Independent Design Verification Program.

Priority is being given to the review of the 147 Open Item Files
established by the RLCA prior to March 25, 1982. The present status is
given by the attached table.

The TES review status of the RLCA work on these 147 Files may be
summarized with respect to the additional work required as follows:

1. 18 reviews are in progress
2. 18 require action by PG&E before RLCA work can proceed.
3. 18 require action by RLCA before TES review can be
reinitiated.
4. 9 are expected to be closed upon submittal of the Interim
Technical Report on Additional Verification and Additional
Sampling.

Boo!

11.1

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

2. It is also important to ensure that all records are kept in a secure and accessible location. This will help to prevent loss or damage to the data and will ensure that it is available when needed.

3. The second part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

4. It is also important to ensure that all records are kept in a secure and accessible location. This will help to prevent loss or damage to the data and will ensure that it is available when needed.

5. The third part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

6. It is also important to ensure that all records are kept in a secure and accessible location. This will help to prevent loss or damage to the data and will ensure that it is available when needed.

7. The fourth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

8. It is also important to ensure that all records are kept in a secure and accessible location. This will help to prevent loss or damage to the data and will ensure that it is available when needed.

9. The fifth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

10. It is also important to ensure that all records are kept in a secure and accessible location. This will help to prevent loss or damage to the data and will ensure that it is available when needed.

May 28, 1982
5511-44

The reviews to date have resulted in the following conclusions with respect to errors:

<u>ERROR CLASS</u>	<u>NUMBER</u>	<u>STATUS</u>
A	1	PG&E Corrective Action being established (983)
A	1	PG&E Corrective Action verified by IDVP (932)
A or B	1	PG&E Corrective Action being established (949)
B	1	PG&E Corrective Action to be verified by IDVP (1002)
C	4	PG&E considering need for physical modification (954, 963, 964, 1017, 1050)
C	1	PG&E physical modifications to be verified by IDVP (950)
C	4	No physical modification required. IDVP Completion Report written (933, 946, 947, 956)

To date, four (4) errors have been identified where, in the opinion of the IDVP, design criteria or operating limits of safety related equipment are exceeded and physical modifications, changes in operating procedures, more realistic calculations or retesting are required.

Very truly yours,
