Re: Docket No. 50-275, OL-DPR-76
Docket No. 50-323
Diablo Canyon Units 1 and 2
NUREG-0737, Item III.A.2.2

Dear Mr. Miraglia:

PGandE has completed all milestones of NUREG-0737, Item III.A.2.2, up to milestone (7), which is a description of the Class B model to be provided to NRC by September 1, 1982.

PGandE's ongoing conversations with the NRC Staff regarding the Class B dispersion model (extended Class A model) indicate that the implementation schedule for milestone (7) has been delayed beyond September 1, 1982 pending NRC clarification of the meteorological and modeling system requirements. Since actions relating to milestone (7) must be based on the NRC meteorological and modeling system requirements, no fixed implementation date related to the requirements for milestone (7) can be committed to until NRC clarification of meteorological and modeling system requirements is provided.

Very truly yours,

Philip A. Crane, Jr.
