Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Denton:

We have received your letter of September 29, 1982 concerning communication from and to the IDVP. Our program procedure on this aspect (DCNPP-IDVP-007) will be revised at an early date to conform with the guidelines provided. A separate procedure will be written with respect to communications with others.

There are two major topics in your letter which are not addressed by present procedures and which cannot wait for revision to that program procedure. Therefore, effective with the date of this letter:

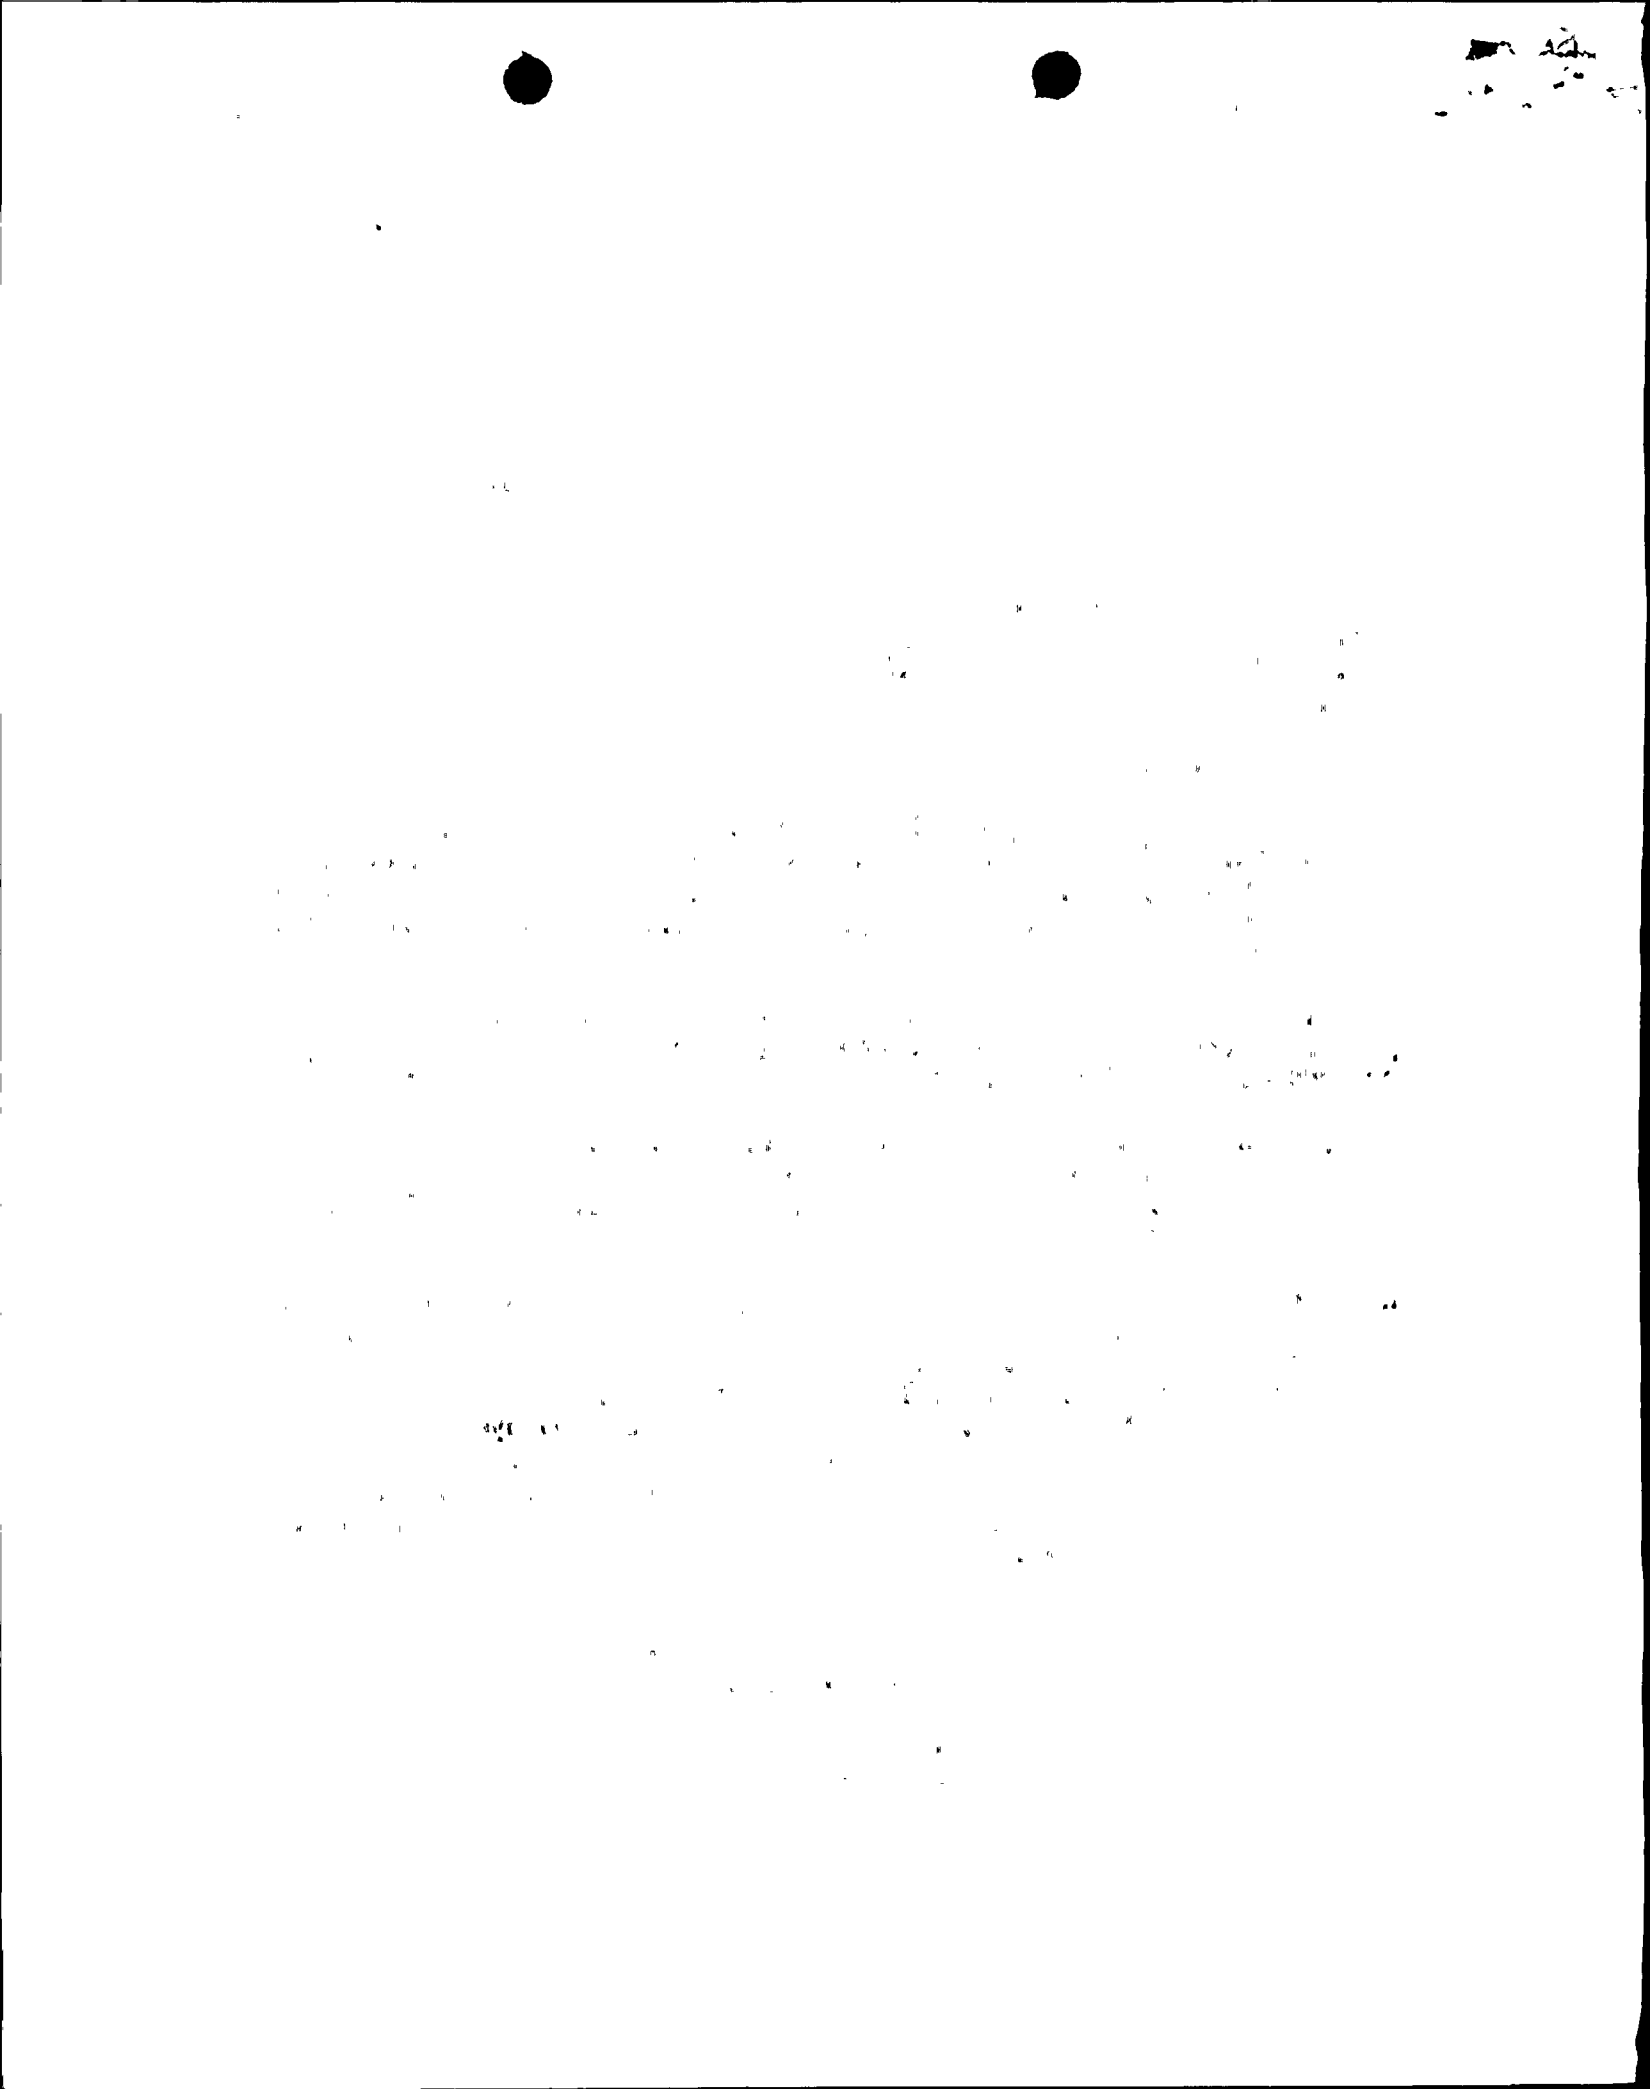

1. The Semimonthly Reports issued by TES on the 2nd and 4th Fridays of each month will contain an appendix "identifying anticipated meetings concerning the IDVP, site visits and other significant IDVP events".
2. To facilitate resolution of requests for clarification of information in the public domain by those receiving copies of your letter, Mr. Aldie E. Johnson will serve as a single point of contact within the IDVP. Mr. William S. Moonan will serve as a backup in Mr. Johnson's absence. Both are senior TES employees and may be reached through the address or numbers indicated on this stationery. Mr. Johnson will accept requests for clarification from and ensure that clarification is provided to, the following specific individuals:

Byron S. Georgiou, Esq.
Joel R. Reynolds, Esq.
John R. Phillips, Esq.
David S. Fleischaker, Esq.
Richard B. Hubbard
Herbert H. Brown, Esq.
