Docket Nos.: 50-275

Mr. Davis S. Fleischaker
 Post Office Box 1178
 Oklahoma City, Oklahoma 73101

Dear Mr. Fleischaker:

Your letter to me of March 28, 1983 transmitted eight allegations by an anonymous individual, regarding the Diablo Canyon Nuclear Power Plant. We have subsequently provided a copy of it to the Commission by Board Notification 83-48, dated April 4, 1983. Through the same process, copies were provided to the members of the Atomic Safety and Licensing Appeal Board, the Atomic Safety and Licensing Board and to the Diablo Canyon service list.

We are presently performing a preliminary evaluation of the allegations and we have made initial inquiries regarding some of the allegations while conducting a previously scheduled audit of work performed by the Diablo Canyon Project. We intend to meet with Pacific Gas and Electric Company in the near future to solicit their evaluation on these matters. The meeting will be noticed and open to interested parties.

Although some of the allegations described by you are specific, it is necessary that we obtain clarification of certain of the allegations in order to perform an adequate evaluation. We therefore request that you attempt to arrange a meeting between the anonymous individual and members of the staff if at all possible. If requested by the individual, the NRC will take all steps possible and permitted to preserve his or her anonymity.

Please advise me as soon as possible and please have the individual contact me (301-492-7672) directly so that we can further discuss this matter. Your cooperation in this matter is appreciated.

Sincerely,

Through the same process copies were provided to the members of the panel of the Atomic Safety and Licensing Appeal Board and the Atomic Safety and Licensing Board and to the Diablo Canyon service list.

At this time we are performing a preliminary evaluation of the allegations. Our staff made initial inquiries regarding some of the allegations while conducting a previously scheduled audit of work performed by the Diablo Canyon Project. We intend to meet with Pacific Gas and Electric Company in the near future to solicit their comments on these matters. The meeting will be noticed and open to interested parties.

Although most of the allegations as described by you are specific, it would be very helpful if further clarification could be provided. We therefore request that you attempt to arrange a meeting between the anonymous individual and a few selected members of our staff. We would not object to other parties being present at such a meeting if that is agreeable with the individual. In this regard, the meeting could also take place in your offices. We would prefer to have an official transcript taken of the meeting.

Please advise me personally as soon as possible of you have been successful in arranging a meeting and if you have any question regarding our request.

Sincerely,
