UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

PRC

FEB 8 1984

Docket Nos.: 50-275  
and 50-323

MEMORANDUM FOR: Chairman Palladino  
Commissioner Gilinsky  
Commissioner Roberts  
Commissioner Asselstine  
Commissioner Bernthal

FROM: Darrell G. Eisenhut, Director  
Division of Licensing

SUBJECT: DIABLO CANYON - TRANSCRIPT OF NRC MEETING WITH PACIFIC GAS  
AND ELECTRIC COMPANY (BOARD NOTIFICATION NO. 84-025 )

In accordance with NRC procedures for Board Notifications the enclosed information is provided to the Commission. The enclosure is a transcript of a meeting held by the NRC staff with Pacific Gas & Electric Company on January 31, 1984 at the PG&E Offices in San Francisco. The meeting was open to the public. A meeting notice and list of attendees are attached to the transcript. At the meeting the NRC staff presented preliminary results of its audit and evaluation of PG&E information related to the analysis and design of small bore piping and supports, including personnel training and document control. View graphs used by the staff in its presentation are attached to the transcript.

The matter of small bore piping and supports was the subject of an earlier meeting with PG&E on December 15, 1983. A transcript of the meeting was provided to you by Board Notification 83-193 of December 22, 1983. The matter is also the subject, totally or in part, of certain allegations that have been included in the staff's Diablo Canyon Allegation Management Program described in SSER 21 (allegation numbers 55, 78, 79, 81, 82, 85 through 89 and 95). The staff is continuing its review and evaluation of the matter of small bore piping and supports and will inform you of the results of our evaluation in a future SER Supplement.

7005.1/1

The first part of the report deals with the general situation in the country. It is noted that the economy is still in a state of depression and that the government is struggling to find ways to improve the situation. The report also mentions that the government is planning to introduce a new tax system in the near future.

The second part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The third part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The fourth part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The fifth part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The sixth part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The seventh part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The eighth part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The ninth part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

The tenth part of the report discusses the progress of the government's various departments. It is noted that the Ministry of Education has made significant progress in the past year, particularly in the area of primary education. The Ministry of Health has also made considerable progress in the area of public health, particularly in the area of malaria control.

By copy of this memorandum we are also informing the Atomic Safety and Licensing Board, the Atomic Safety and Licensing Appeal Board and the parties to the proceeding.
