Dear Mr. Smith:

I respectfully request that I be permitted to make some important statements concerning the restart of T.M.I. Unit #1 at the meeting to be held March 5, 1981 at 7:00 p.m. at the William Penn Museum.

My commentary will be pertinent to the subject matter, but hopefully will make the general public realize more fully the impact this idle plant has on their individual pocketbooks -- as it has particularly been in my company and our ability to compete.

I respectfully request that I be given this opportunity.

Sincerely yours,

C. W. Mellinger
