June, 1981

Mr. Joseph M. Hendrie, Chairman
U.S. Nuclear Regulatory Commission
1717 "H" Street, N.W.
Washington, D.C. 20555

Dear Mr. Hendrie:

I am writing to you to urge you to do all in your power to prevent the blocking of licensing of the Diablo Canyon and San Onofre Nuclear Power Plants. These plants are vital to the energy independence and economy of California and our nation.

May I hear from you on this subject.

Sincerely,

Caroline Cowan

Chairman Joseph M. Hendrie,

You MUST quickly license
DIABLO CANYON and San Onofre
nuclear plants, (1) THESE ARE
THE MOST THOROUGHLY TESTED &
STUDIED NUCLEAR POWER PLANTS IN
HISTORY and pass the MOST RIGOROUS
SAFETY TESTS. (2) They will
drastically decrease California
oil consumption & our dangerous
dependence on OPEC. (3) Pollution
from coal plants or oil burning
plants tremendously reduced!

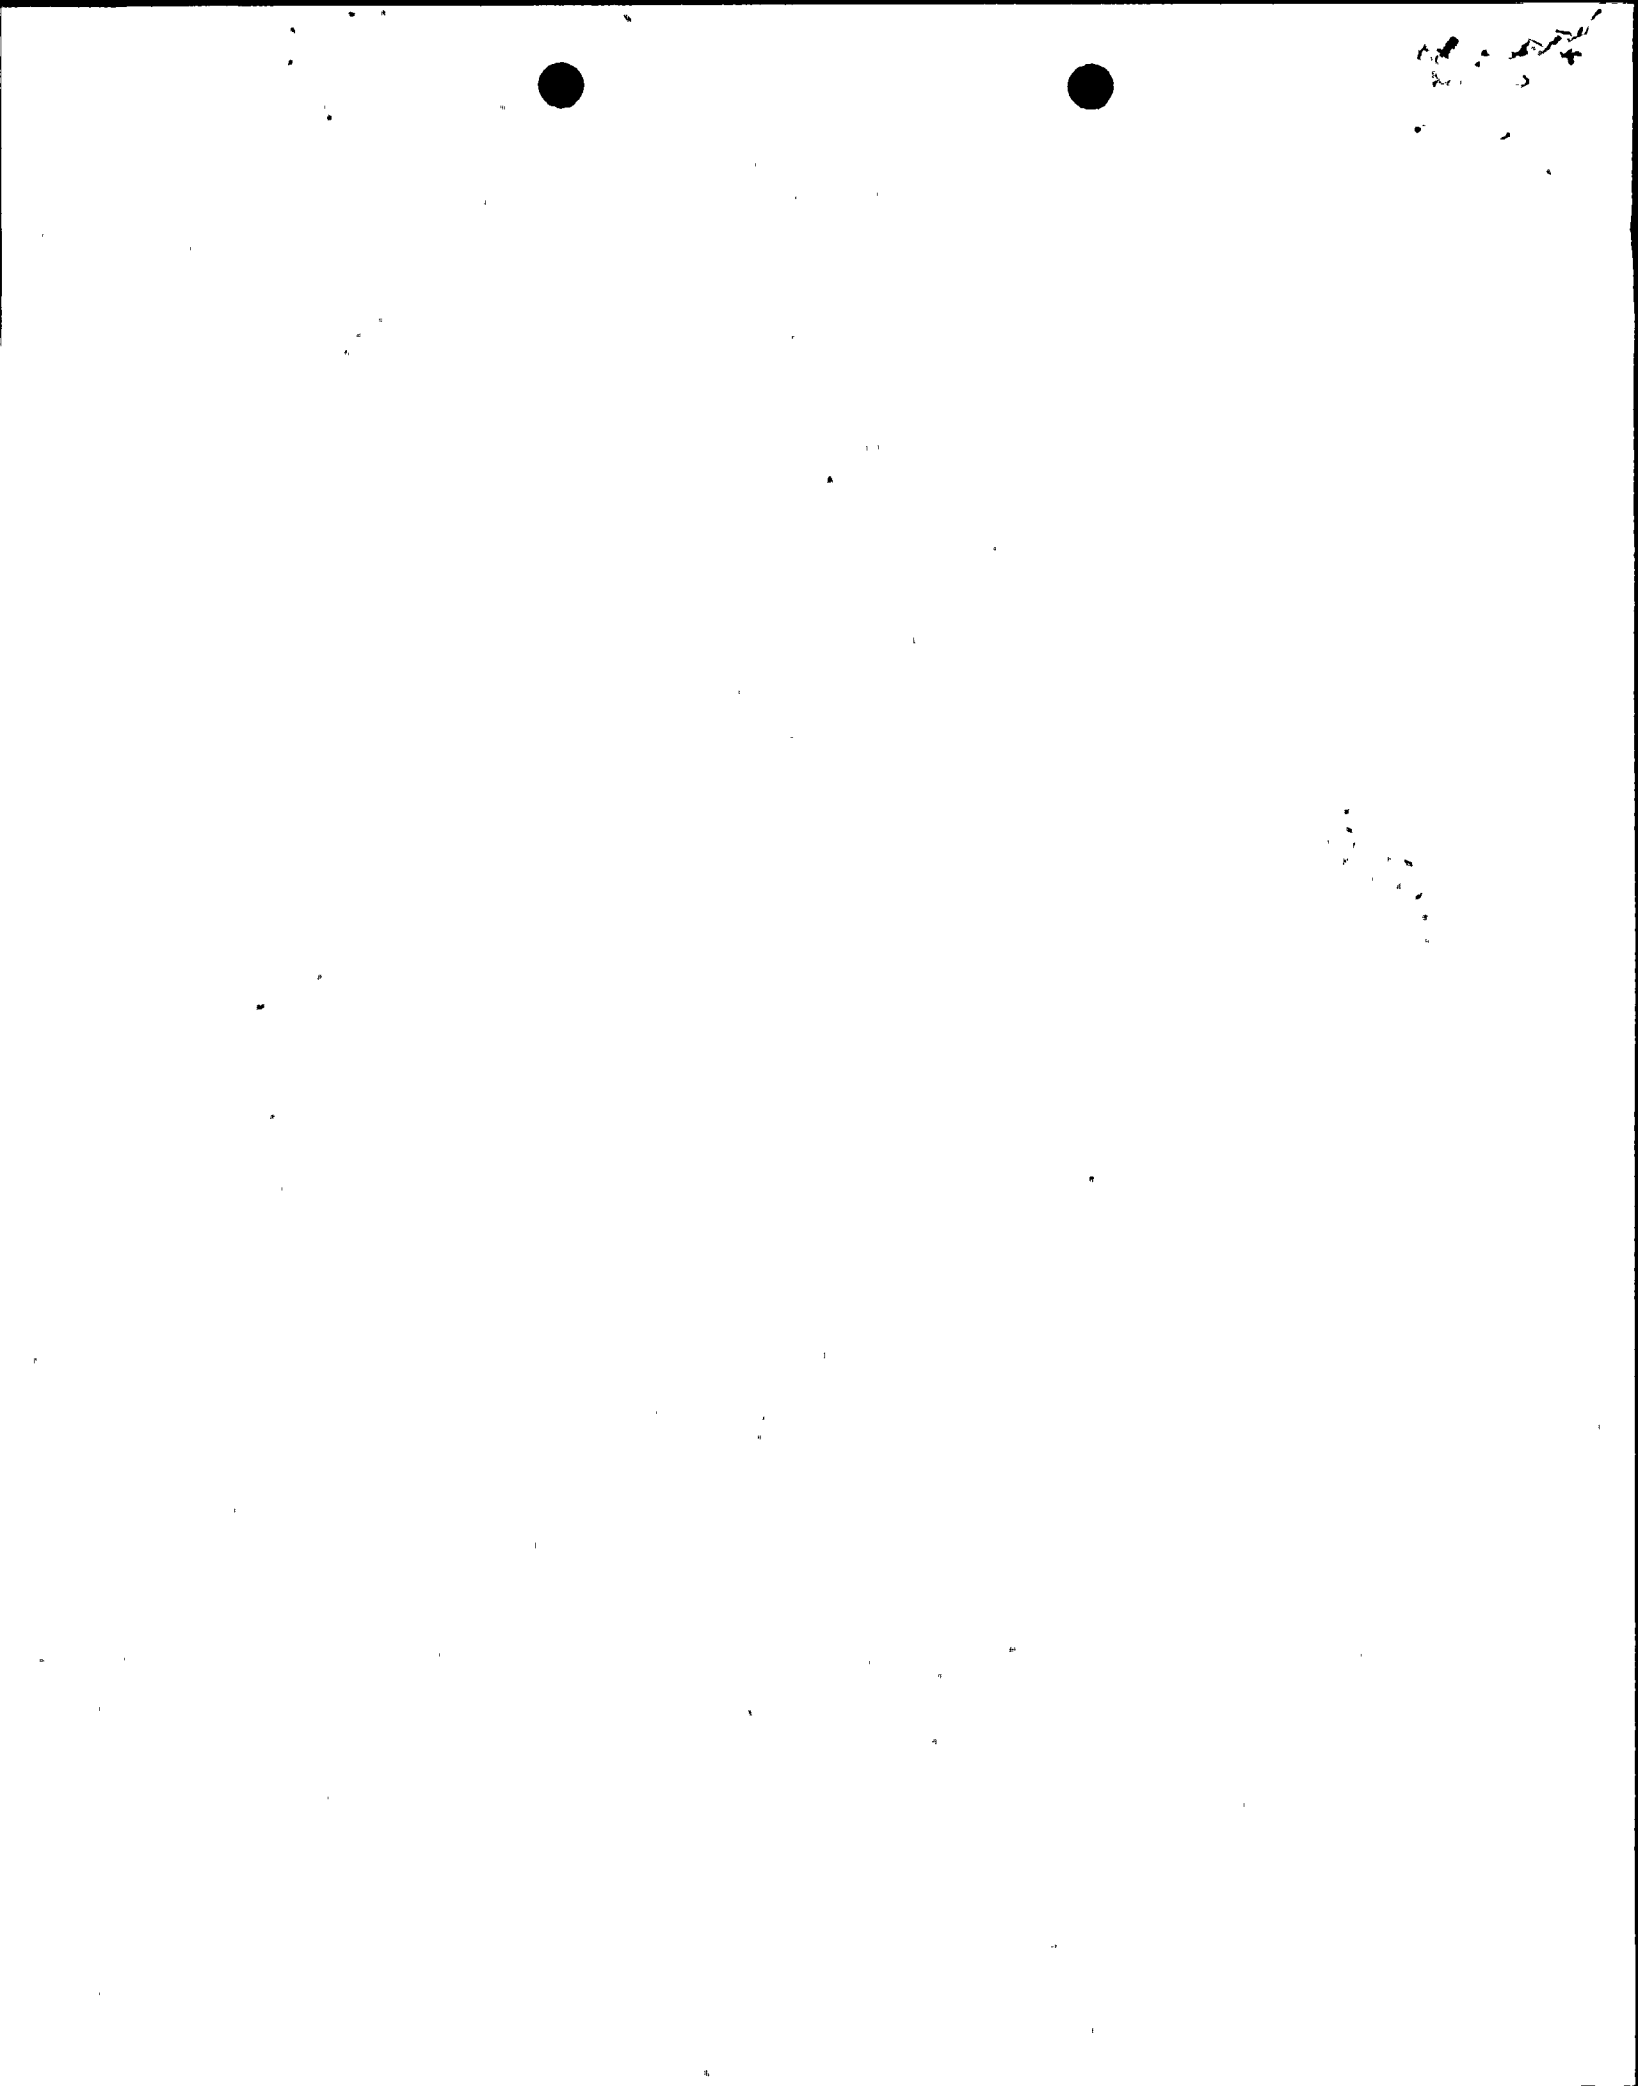

Electrical Engineer and author Peter
Beckman states that coal produces
a million times as much waste
products (more than it takes in to
burn) ^{up to} has 50 times ~~more~~ more
radioactive emissions coming out
of the stacks! Coal is making

huge land ~~waste~~ fill waste problem
of very dangerous chemicals, a
millionfold worse than the easily
detected radioactive wastes (which are
buried too deep & too well (the high
level ~~waste~~ radioactive wastes). Low radio
activity has been treated as high level by the
news media, such as ~~the~~ ^{the} time me
IT IS MUCH CLEANER & BETTER TO GO NUKE

DSOB

DEAR MR. HENDRIE,
I AM IN FAVOR OF IMMEDIATE
LICENSING OF THE DIABLO
CANYON AND SAN ONOFRE
NUCLEAR PLANTS. THESE
PLANTS ARE VITAL FOR THE
ENERGY INDEPENDENCE AND
ECONOMY OF CALIFORNIA AND
OUR NATION.

SINCERELY

Attention Joseph. Hendrie,

We know that these completed plants are vital to our California life. We are excited about forthcoming speedy licencing. We know that the stumbling block is in Sacramento. Our patience culminates in the voting booth.

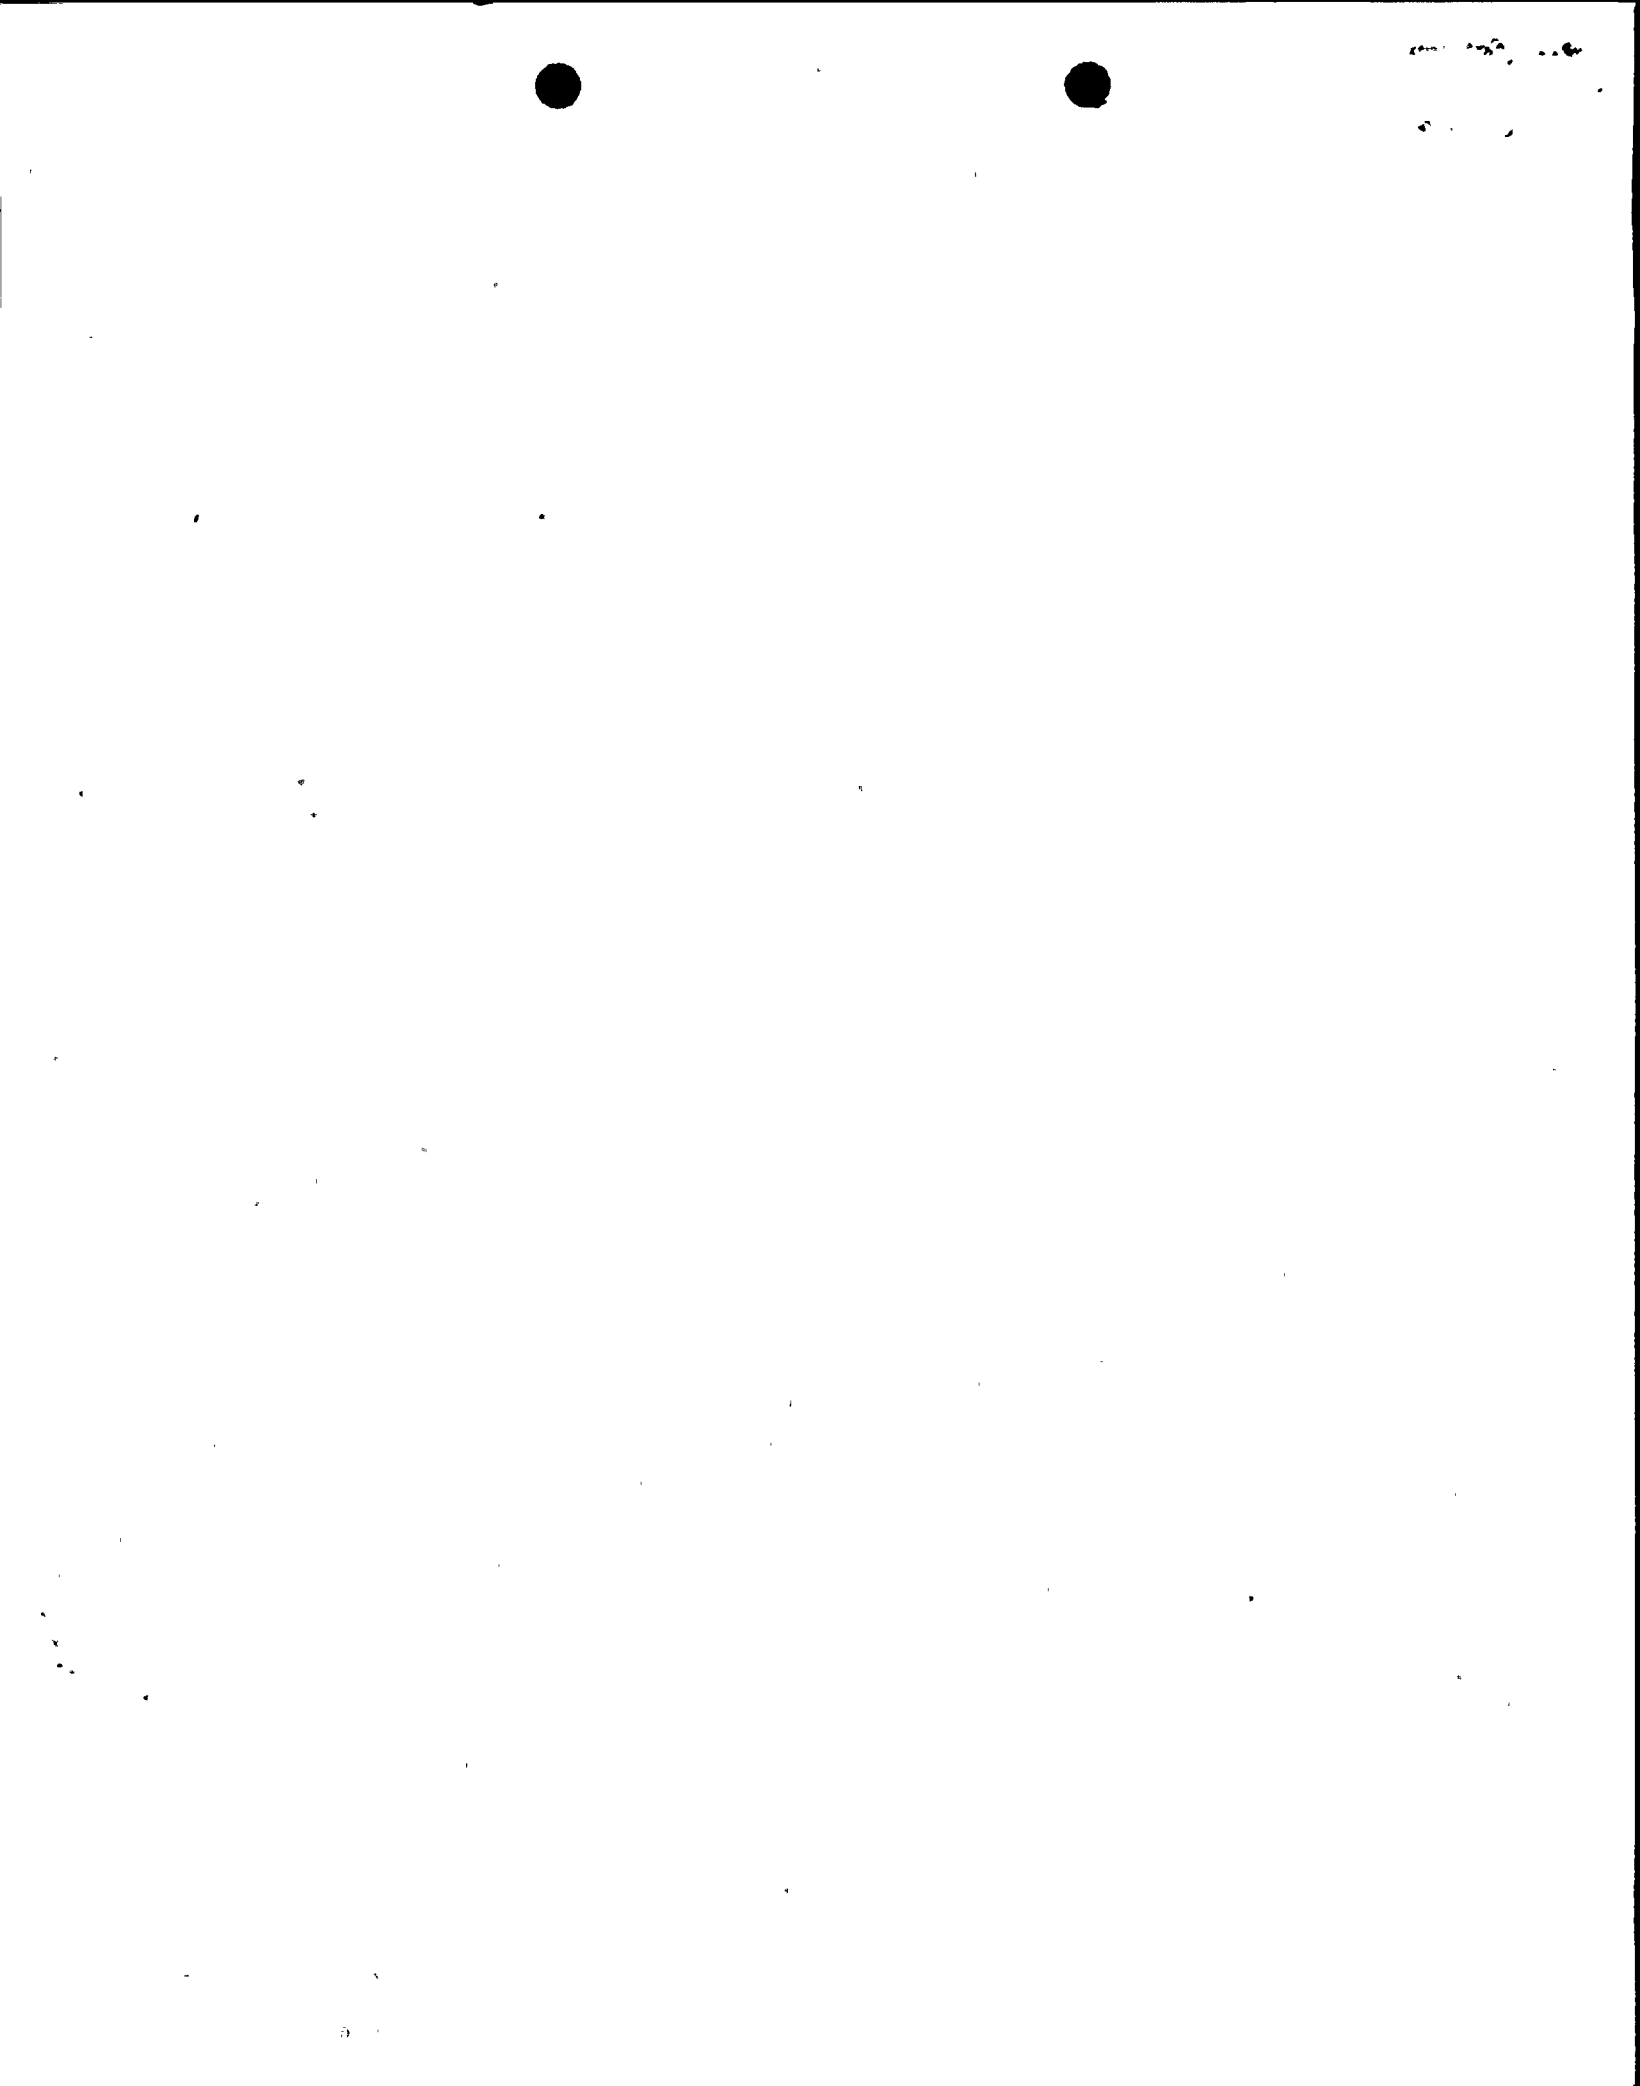

Sincerely yours,

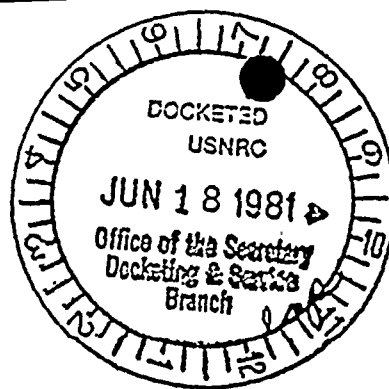

Lester G. Kambertz

Nuclear Regulatory Commission
Joseph Hendrie, Chairman

Dear Mr. Hendrie,

Please provide prompt licencing for California's "Diablo Canyon" and "San Onofre" Nuclear Stations. 1) They pass rigorous safety tests; 2) They reduce dependence on OPEC by saving millions of barrels of oil; 3) Californians pay millions more each day for energy while these plants are idle; 4) Reduce pollution from coal and oil.

Sincerely,

(Mrs.) Martha Shaw
