Re: Docket No. 50-275-OL  
Docket No. 50-323-OL  
Diablo Canyon Units 1 & 2

Dear Mr. Stolz:

Diablo Canyon Emergency Operating Procedure Nos. OP-4, OP-5, and OP-15 have been rewritten to include specific warnings of the possibility of an ATWS event and to provide detailed instructions for operator actions to mitigate the affects of an ATWS. These procedures are being provided to the Staff to assist in their review of the ATWS issue for Diablo Canyon. They are not considered a part of the docket file supporting our operating license application, nor will future revisions be submitted to the Staff unless requested.

Very truly yours,

*Philip A. Crane*
