Docket Nos. 50-275 and 50-323

JAN 20 1989

Pacific Gas and Electric Company
77 Beale Street
Room 1451
San Francisco, California 94106

Attention: Mr. J. D. Shiffer, Vice President
Nuclear Power Generation

Gentlemen:

SUBJECT: SYSTEMATIC ASSESSMENT OF LICENSEE PERFORMANCE (SALP)
FOR THE PERIOD OF AUGUST 1, 1987, THROUGH JULY 31, 1988

This refers to the NRC Systematic Assessment of Licensee Performance (SALP) Report for the Diablo Canyon facilities dated September 28, 1988, (Inspection Report Nos. 50-275/88-18 and 50-323/88-17); our Management Meeting of October 26, 1988 (Inspection Report Nos. 50-275/88-30 and 50-323/88-28, dated November 10, 1988) in which we discussed the contents of the SALP Report; your Staff's presentation on Configuration Management on December 9, 1988, in our Region V office; and your recent letter dated January 6, 1989, which stated your plans to address a number of the SALP issues.

Region V has reviewed your proposed actions to address the SALP recommendations as presented in the meetings and letters noted above. Your proposed actions appear to be responsive and acceptable. Further, we noted that you made no comments which would require revision of the SALP report; therefore the SALP report as issued on September 28, 1988 is considered final.

In accordance with 10 CFR 2.790(a), a copy of this letter will be placed in the NRC Public Document Room.

No reply to this letter is required; however, should you have any questions, we will be pleased to discuss them with you.

Sincerely,

A. E. Chaffee, Acting Director
Division of Reactor Safety and Projects
