Gentlemen:

PG&E Letter DCL-89-248, dated September 25, 1989, transmitted License Amendment Request (LAR) 89-13 proposing revisions to Technical Specifications Section 6.0, "Administrative Controls." One of the proposed administrative revisions involved changing from references to the President and the Vice President, Nuclear Power Generation, to reference to the senior nuclear officer. Based on discussions with the NRC Staff regarding the interpretation of Generic Letter 88-06 involving executive/management titles, PG&E requests that all references to the senior nuclear officer in LAR 89-13 be changed to Vice President, Nuclear Power Generation.

Kindly acknowledge receipt of this material on the enclosed copy of this letter and return it in the enclosed addressed envelope.

Sincerely,

A handwritten signature in dark ink, appearing to read 'J. D. Shiffer'. The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
