Attention: Mr. Gregory M. Rueger  
Senior Vice President and General Manager

Gentlemen:

Thank you for your letter of September 14, 1992, in response to our Notice of Violation and Inspection Report Nos. 50-275/92-20 and 50-323/92-20, dated August 13, 1992, informing us of the steps you have taken to correct the items which we brought to your attention. Your corrective actions will be verified during a future inspection.

Regarding Violation A, we recognized that adequate compensatory measures for a fire in the centrifugal charging pump (CCP) room had been in effect. Our concern was that these measures had been in place for almost two years, and procedural guidance on limited operation of the positive displacement charging pump had not been provided during that time for the operators' use in the event of a fire in the CCP room.

Your cooperation with us is appreciated.

Sincerely,

S. A. Richards, Chief  
Reactor Projects Branch
