Dear Mr. Martin:

Discussion has taken place between representatives of the Nuclear Regulatory Commission, Federal Emergency Management Agency, San Luis Obispo County, State Office of Emergency Services, and Pacific Gas and Electric Company in an effort to establish a mutually agreeable date for the 1985 Diablo Canyon Power Plant Emergency Preparedness Exercise.

October 30, 1985 has been found to be the most acceptable date for the exercise. Your confirmation that this is an acceptable date for the exercise is requested.

Sincerely,

JDS:dac
