MEMORANDUM TO: File
FROM: G. Hernandez, Reactor Inspector
SUBJECT: MEETING OF ALLEGATION REVIEW BOARD ON GAP
PETITION DATED JUNE 21, 1984, ATTACHMENT
NOS. 1 AND 15

On July 16, 1984, the Allegation Review Board met to review Attachment Nos. 1 and 15 to the GAP Petition dated June 21, 1984. The board determined that Attachment No. 1 contained seven safety-related allegations and Attachment No. 15 is an affidavit describing the character and competence of one of the allegers. The Board also determined that the allegations were similar to previously received allegations and that none of the allegations would require resolution prior to issuance of the Diablo Canyon Unit No. 1 full power license. The allegations contained in Attachment No. 1 were categorized and entered into the Region V Allegation Tracking System as Allegation Nos. 1403, 1404, 1405, 1406, 1407, 1408, and 1409.

The GAP Petition (dated June 21, 1984) was originally provided on June 21, 1984, to the NRC without Attachment Nos. 1 and 15. The Board consisted of G. Hernandez and D. F. Kirsch.
