MEMORANDUM FOR: Thomas M. Novak, Acting Director
Division of PWR Licensing-A

THRU: Steven A. Varga, Director
Project Directorate #3
Division of PWR Licensing-A

FROM: Hans Schierling, Senior Project Manager
Project Directorate #3
Division of PWR Licensing-A

SUBJECT: REQUEST FOR ISSUANCE OF BOARD NOTIFICATION ON DIABLO CANYON

Your approval is requested for issuance of the attached Board Notification (BN) to the Commission. The enclosure to the BN is a letter from Dennis F. Kirsch, Region V, to Nancy Culver, Mothers for Peace, who had expressed a number of concerns regarding the Diablo Canyon Plant. The concerns were transmitted by Region V to NRR with a recommendation for Board Notification (memorandum dated January 30, 1987). Although the subject matter of the BN is not directly related to the spent fuel pool hearing proceedings, that is, it is not relevant or material, I believe it may result in substantial public, press or Congressional interest. Therefore, in accordance with NRR Office Letter No. 19, Revision 3 (Items B.2.(b) and B.3), I recommend that the information be provided to the Commission as a Board Notification.

SUBJECT: REQUEST FOR ISSUANCE OF BOARD NOTIFICATION ON DIABLO CANYON

Your approval is requested for issuance of the attached Board Notification (BN) to the Commission. The enclosure to the BN are allegations on the Diablo Canyon Plant which were made by Mothers for Peace, an organization which until recently was an intervenor in the Diablo Canyon spent fuel pool hearing proceedings. Although the subject matter of the BN is not directly related to the hearing, that is, it is not relevant or material, I believe it may result in substantial public, press or Congressional interest. Therefore, in accordance with NRR Office Letter No. 19, Revision 3 (Items B.2.(b) and B.3), I recommend that the information be provided to the Commission as a Board Notification.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the information is both reliable and up-to-date.

The third part of the report focuses on the results of the analysis. It shows a clear trend of growth over the period studied. This is attributed to several factors, including improved operational efficiency and increased market demand.

Finally, the document concludes with a series of recommendations for future actions. These are based on the findings of the analysis and aim to further optimize the current processes.
