WASHINGTON, D.C. 20555-0001

Ms. Karen K. Beckley  
Program Manager  
Radiation Control Program  
Division of Public and Behavioral Health  
675 Fairview Drive, Suite 218  
Carson City, NV 89701

Dear Ms. Beckley:

We have reviewed the final revisions to the Nevada Administrative Code in the Fifth Revised Proposed Regulation of the State Board of Health, LCB File No. R144-13, received by our office on November 21, 2016. These regulations were reviewed by comparison to the equivalent U.S. Nuclear Regulatory Commission (NRC) rules and the requirements of Regulation Amendment Tracking System Identification Numbers (RATS IDs) 2013-1, 2013-2, 2015-1, and 2015-2 as identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Michael Schmidt on January 10, 2017.

As a result of our review, we have 11 comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that if these regulations are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when you revise your regulations to address our comments, a copy of the "as published" regulations be provided to us for review. As requested in NMSS Procedure SA-201, "Review of State Regulatory Requirements," please highlight the location of any changes made by Nevada, in response to our comments, and provide a copy to Division of Material Safety, State, Tribal, and Rulemaking Programs, NMSS.

The SRS Data Sheet summarizes our knowledge of the status of other Nevada regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS State Communication Portal: <https://scp.nrc.gov/rulemaking.html>.
