Dear Ms. Henderson:

Enclosed is a copy of the proposed revisions to Wisconsin Chapter DHS 157 'Radiation Protection'. The proposed rulemaking notice was published on Wisconsin's legislative website for a public comment period on December 19, 2016. We request NRC's comments by February 22, 2017. The enclosed revisions are identified by line in/line out text and correspond to the following equivalent amendments to NRC's regulations. The RATS-ID numbers listed below are the fourth of four rule packages being submitted to the NRC as part of this draft revision.

RATS-ID	Title	State Section
2015-3	Revisions to Transportation Safety Requirements and Harmonization with International Atomic Energy Agency Transportation Requirements Part 71 80 FR 33987	DHS 157.03; DHS 157.92-.94; DHS 157 Appendix O

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.

If you have any questions, please feel free to contact Mark Paulson of my staff at 608-264-6516 or [mark.paulson@dhs.wisconsin.gov](mailto:mark.paulson@dhs.wisconsin.gov).

Sincerely,
