Re. License No. 34-26653-02

To whom it may concern:

This is to advise the Commission of a change of ownership of a business interest that holds a radioactive material license. The change of ownership is scheduled to be effective January 1, 2017.

National Physics Consultants, Ltd. is purchasing the business interests of David Close Consulting. Any and all operations of David Close Consulting that required a radioactive material license will be purchased by National Physics Consultants. The name of the licensee will be National Physics Consultants, 5589 Cardinal Drive, Mentor, OH 44060. The mailing address for all communications regarding this license should be 1296 Russell Drive, Bolivar, OH 44612. For additional information, please contact Sharon Long at 888-456-5255.

The RSO will change to Sharon Long who is currently listed as an authorized user on this license and who is listed as the RSO on other licenses. There will be no changes in the authorized users as currently listed on the license. Management of licensed operations will be under the management of National Physics Consultants. There will be no changes in materials or procedures that relate to the licensed program.

All surveillance programs (surveys, wipe tests, quality control) are current at the present time and are expected to be current at the time of transfer of control. All records of the radiation safety program will be transferred to National Physics Consultants and will be maintained as if there was no change of ownership. National Physics Consultants will abide by all the constraints, conditions, requirements and commitments made by David Close Consulting in the license application and any other communications regarding the licensed program.
