Dear Mr. Fishman,

This is to acknowledge our receipt of your written report dated December 7, 2016, regarding an incident that occurred at your facility on November 10, 2016, in which a shutter mechanism on a fixed gauge containing radioactive material failed to function as designed. Your initial even report was furnished to the U.S. Nuclear Regulatory Commission (NRC) in accordance with Title 10 of the *Code of Federal Regulation* (10 CFR) Section 30.50(b)(2). The NRC has reviewed your written report and has no further questions at this time. This incident will be examined during a future inspection of your licensed program.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this message will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions regarding this correspondence, please feel free to contact me at 630-829-9650.

Sincerely,

-Aaron
