Subject: New License Application

Discussion: Miller contacted Mr. Olden to determine his intention for his new license application. Mr. Olden stated that HAKS Engineering has filed for reciprocity to store and use radioactive material in the form of nuclear gauges in Massachusetts. He added that it was HAKS Engineering attention to acquire a license for storing and using nuclear gauges in Massachusetts. Miller informed Mr. Olden that Massachusetts is an Agreement State and the NRC does not have the authority to issue a license for storage and use in MA. Miller stated that Mr. Olden should apply to the Radiation Protection Bureau of MA directly to acquire the license.

Action Required: Miller requested that Mr. Olden submit a letter and request that his application for a license in MA be rescinded and specify that the request refers to Mail Control No. 592408.
