To Whom It May Concern:

Enclosed is the final After Action Report/Improvement Plan for Three Mile Island (TMI), Medical Services (MS-1) Drill that was held on October 12, 2016. The Gettysburg Hospital and Adams Regional Emergency Medical Services, Inc. participated in the drill.

There were no Level 1 Findings, Level 2 Findings, or Plan Issues identified during the drill.

Based on the results of the exercise and a review of the offsite radiological emergency response plans and procedures submitted, FEMA Region III has determined they are adequate and meet the planning and preparedness standards of NUREG-0654, as referenced in 44 CFR 350.5 and there is reasonable assurance they can be implemented, as demonstrated during this drill.

If you have any questions, please contact Thomas Scardino at (215) 931-5546.

Sincerely,

A handwritten signature in black ink, appearing to read "MAT", written over a circular stamp.
