Good morning Ms. Quaempts,

I have attached the email that was sent in July 2016 to all of the consulting parties that includes the attachments to the DOE letter sent for review. This is the attachment provided to the consulting parties regarding the DOE and would have been sent to the WySHPO as part of their DOE review. I also have included a copy of the SHPO concurrence letter which I provided via email in October of this year. If you have additional needs for information please contact me and I will do my best to provide.

I hope you enjoy your time away from the office, Happy Holidays to you as well!

Jean

Thank you Ms. Quaempts,

Thank you for the email, I did not receive your voice mail – I have provided my phone number below. The letter you received is a copy of the DOE letter the NRC sent to Mary Hopkins. A copy without attachments was sent to all consulting parties to keep them informed on the ongoing work. Prior to sending the final DOE letter to Mary Hopkins, the NRC sent all of the consulting parties a draft DOE letter with attachments for review and

comment.

Please let me know if you need any further information and I will do my best to provide.

Hi Ms. Trefethen,

I called and left you a message this morning regarding the information received for this project. No enclosures were a part of this packet, only a letter addressed to Mary Hopkins.

If you have any questions, please feel free to contact my office.

Thank you,
