U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001  
ATTN: Document Control Desk  
Subject: Change to GE Point of Contact regarding NON 99901468/2016-201-01

Document Control Desk:

This memo is provided to inform you that the point of contact for the subject NON has changed given the closure of the GE Oil & Gas facility at Pineville, Louisiana. The design and quality authority for that facility has been transferred to a new GE site in Jacksonville, FL.

Going forward, the point of contact for this item is Richard Quintal, the site Quality Leader. His contact information is below:

12970 Normandy Blvd  
Jacksonville, FL 32221  
Email: richard.quintal@ge.com  
Phone: 904 570-3141

We have provided all the correspondence to date on this item to Richard for final resolution.

Thank you for your ongoing consideration in this matter.

Sincerely,

Anne Sullivan  
Global Quality Manager
