Marlton, NJ 08053

SUBJECT: ACKNOWLEDGEMENT LETTER TO CONFIRM RECEIPT OF  
DECEMBER 13, 2016, LETTER TITLED "TIME TO TERMINATE LNT: THE NRC  
NEEDS TO ADOPT LT AND ELIMINATE ALARA"

Dr. Jeffrey A. Siegel:

Thank you for your December 13, 2016, letter titled, "Time to Terminate LNT: The NRC Needs to Adopt LT and Eliminate ALARA." The U.S. Nuclear Regulatory Commission (NRC) staff reviewed your letter. Based on the topic and content of your letter, the NRC included it for evaluation along with other comment letters regarding three petitions for rulemaking that the agency received on related topics. The three petitions were docketed using Docket ID (NRC-2015-0057) and assigned Docket No. PRM-20-28, PRM-20-29, and PRM-20-30. When the staff's review is completed, the staff's responses to your comments will be included in a *Federal Register* notice that addresses all of the comments received regarding these petitions.

In accordance with Title 10 of the *Code of Federal Regulations* 2.803(g), a copy of your comment letter will be available electronically for public inspection in the Federal rulemaking Web site, <http://www.regulations.gov>, by searching on Docket ID NRC-2015-0057, as well as in the Publicly Available Records System component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,
