

January 27, 2017

Ms. Eileen Supko, Principal
Energy Resources International, Inc.
1015 18th Street, N.W. Suite 650
Washington, DC 20036

Dear Ms. Supko:

I would like to invite you to participate as a speaker at the U.S. Nuclear Regulatory Commission's (NRC) Fuel Cycle Information Exchange (FCIX). The FCIX will be held on June 13-14, 2017, at the NRC Auditorium, Two White Flint North, 11545 Rockville Pike, Rockville, MD 20852.

This 2-day conference is hosted by the Division of Fuel Cycle Safety, Safeguards, and Environmental Review of the Office of Nuclear Material Safety and Safeguards. The FCIX is a public meeting that continues to grow in popularity with hundreds of attendees representing government, industry, members of the public, and other fuel cycle industry stakeholders from the United States and other countries. The FCIX provides an open forum for stakeholders to learn, share, and discuss information on significant regulatory activities, processes, and emergent issues related to the nuclear fuel cycle.

We are requesting that you participate as a keynote speaker. Your presentation, "The U.S. Nuclear Fuel Cycle – Looking Forward to 2020," during the FCIX 2015 was well received, and we would request that you give a similar presentation. The keynote address will be held on June 13, 2017.

We hope you are able to accept this invitation, and if you are able to participate, we request that you complete, sign, and return the enclosed speaker information form to Ms. DyLanne Duvigneaud or Ms. Mollie Semmes, the coordinators for the FCIX, by **March 30, 2017** to ensure inclusion in the final printed program. The contact information for Ms. Duvigneaud and Ms. Semmes is provided below.

POINT OF CONTACT: DyLanne Duvigneaud
E-MAIL: Dylan.Duvigneaud@nrc.gov
TELEPHONE: 301-415-4010

POINT OF CONTACT: Mollie Semmes
E-MAIL: Mollie.Semmes@nrc.gov
TELEPHONE: 301-415-7486
