Subject: [External_Sender] Re: NRC License amendment and possible eventual termination of license

Me. Lawyer,

I just received your email via Dr Anthony's office. I am in Durham, North Carolina today with my husband who has a doctor's appointment at 1:00 PM today.

I will not be home until late.

I have been advised by Dr Anthony to accept the conditions you have stated in your email. I am glad to accept them, but will be unable to send a letter stating those acknowledged conditions or sign said letter until I reach home tonight. I will gladly send and sign the letter tonight, but it will be after business hours. I hope this email will serve to acknowledge my acceptance of the restrictions and conditions until a formal letter can be sent.

I hope this meets with your approval. Thank you in advance for your help.

Subject: FW: NRC License amendment and possible eventual termination of license

Ms. Skeen and Dr. Anthony,

I MUST write the license tomorrow and have not had any email from you since last Wednesday. I will write the amount of material as follows:

Please confirm this amount of material will be satisfactory:

6. Byproduct, source, and/or special nuclear material

A. Cesium-137

B. Cesium-137

C. Americium-241

7. Chemical and/or physical form

A. Sealed Sources (Isotope Products Laboratories, Model HEG-137)

B. Sealed Sources (Gamma Industries, Inc., Model VD[HP]; Gulf Nuclear Inc., Model VL-1)

C. Sealed Sources (Gammatron Inc., Model AN-HP)

8. Maximum amount that licensee may possess at any one time under this license

A. 600 millicuries per source and 750 millicuries total

B. 750 millicuries total

C. 250 millicuries total
