Dear Mr. Tran:

On February 3, 2017, I will leave employment with the Missouri Department of Transportation and therefore also leave my current position as the Radiation Safety Officer for the department. In the near term MoDOT is seeking a replacement RSO. In my absence the Assistant RSO in each MoDOT District will oversee our license requirements until the new RSO arrives.

The replacement RSO shall have attained a four year degree from a higher education institution, have attended radiation safety training and will attend the Troxler Radiation Safety Office training course once in the position.

If there are any additional requirements to this transition please inform David Ahlvers, MoDOT's Construction and Materials Engineer, and myself.

Sincerely,  

Paul Hilchen  
MoDOT Radiation Safety Officer
