RE: Distribution of Generally Licensed Devices

Dear: Ujagar Bhachu

Enclosed is a list of devices distributed by Bruker Detection Corporation in Q1 of 2016.

States that don't appear on the attached distribution list received no sealed source devices during the last quarter.

If you have any questions please call me at 978-663-3660 X 1307 or email me at [gag@bdal.com](mailto:gag@bdal.com).

Sincerely,

A handwritten signature in black ink, appearing to read "George A. Gleason". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

George A Gleason  
Radiation Safety Officer
