NIAGARA MOHAWK POWER CORPORATION

NIAGARA  MOHAWK

300 ERIE BOULEVARD WEST
SYRACUSE, N. Y. 13202

July 30, 1973

Mr. Robert A. Clark
Chief, Gas Cooled Reactors Branch
Directorate of Licensing
United States Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Clark:

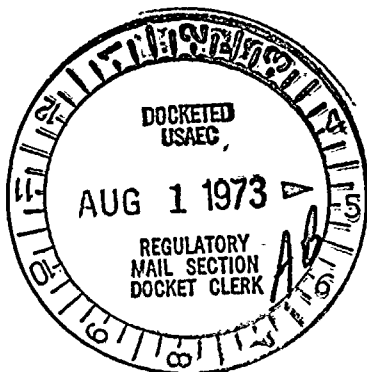

Re: Nine Mile Point Unit 2
Docket No. 50-410

At the request of your Staff, we wish to confirm that the Nine Mile Point Unit 2 present design incorporates adequate shielding surrounding offgas system equipment to maintain operator exposures within applicable guidelines. The area of this equipment is designated as zone 3 as defined in Section 12 of the PSAR.

This arrangement will result in occupational exposures which are no more than those associated with the employment of delay piping.

Very truly yours,

Philip D. Raymond
Vice President- Engineering
