P. ALLISTER BURT

GENERAL SUPERINTENDENT - NUCLEAR GENERATION

NIAGARA MOHAWK POWER CORPORATION

1 My name is P. Allister Burt. My business address is Niagara
2 Mohawk Power Corporation, Nine Mile Point Nuclear Station, Post Office
3 Box 32, Lycoming, New York. I am presently General Superintendent of
4 Nuclear Generation for the Niagara Mohawk Power Corporation. In this
5 capacity, I am in charge of the overall operation of both the Nine Mile
6 Point and James A. FitzPatrick Nuclear Power Plants. Previous to this
7 assignment, I was Station Superintendent of the Nine Mile Point Nuclear
8 Station.

9 I attended the University of Buffalo from 1939 to 1947, receiving a
10 certificate in engineering. Since then, I have taken courses in Nuclear
11 Technology, Basic Radiological Health and Industrial Management.

12 Until 1949, I held various positions at Niagara Mohawk's C. R.
13 Huntley Generating Station, including the position of Assistant Results
14 Superintendent. From 1949 to 1963 I was Station Superintendent for
15 Niagara Mohawk's Dunkirk Steam Station, a 624 Mw steam plant. During
16 this time, I was responsible for the start-up of all four units at the Station.

17 From 1963 to 1967, I was assigned to the Project Engineering
18 Department of Niagara Mohawk, where I participated in the design of the
19 Nine Mile Point Nuclear Plant, assembled personnel for the plant, and

20 planned and organized the training program for start-up and operation.

21 During 1965 and 1966 I received eight months of on-the-job training at

22 Big Rock Point and EVESR.

23 From 1967 to 1972, I was Superintendent of the Nine Mile Point
24 Nuclear Plant. I had the primary responsibility for bringing that plant
25 from the construction phase to full power operation, and now have identical
26 responsibility for the James A. FitzPatrick Nuclear Plant. In addition, I
27 participated in the design review for the FitzPatrick Plant, as I am now
28 doing for Nine Mile Point Unit 2.

29 I am a Licensed Professional Engineer in the State of New York.
30 I hold a Reactor Operators License from the Atomic Energy Commission.
