APPLICATION OF AEC REGULATORY STAFF FOR EXTENSION
OF TIME TO ANSWER PETITION FOR LEAVE TO INTERVENE

On September 23, 1972, the Commission published in the Federal Register a "Notice of Hearing on Application for Construction Permit" in the captioned matter (37 F.R. 20089). Among other things, the Notice provided that a person whose interest may be affected by the proceeding could file with the Commission a petition for leave to intervene within thirty days of the date of publication of the Notice in the Federal Register.

On October 24, 1972, pursuant to the notice, 10 CFR § 2.714 of the Commission's Rules of Practice, and Section 274(1) of the Atomic Energy Act of 1954, as amended, Suzanne Weber, individually and, on behalf of Ecology Action, an unincorporated association, (petitioners), filed with the Commission a timely petition to intervene in this proceeding.

The staff has been advised that applicant intends to serve and file its response to the petition on November 3, 1972. Under 10 CFR § 2.714(c), the staff's time to answer the petition will expire on November 6, 1972. In order that the staff may have at least five days to study and consider the applicant's response before making its own reply, as was contemplated by the recent revision of 10 CFR § 2.714, the staff respectfully requests that its time to answer the petition for leave to intervene be extended to and including November 13, 1972.

The applicant has advised that it has no objection to the staff's request.

Respectfully submitted,

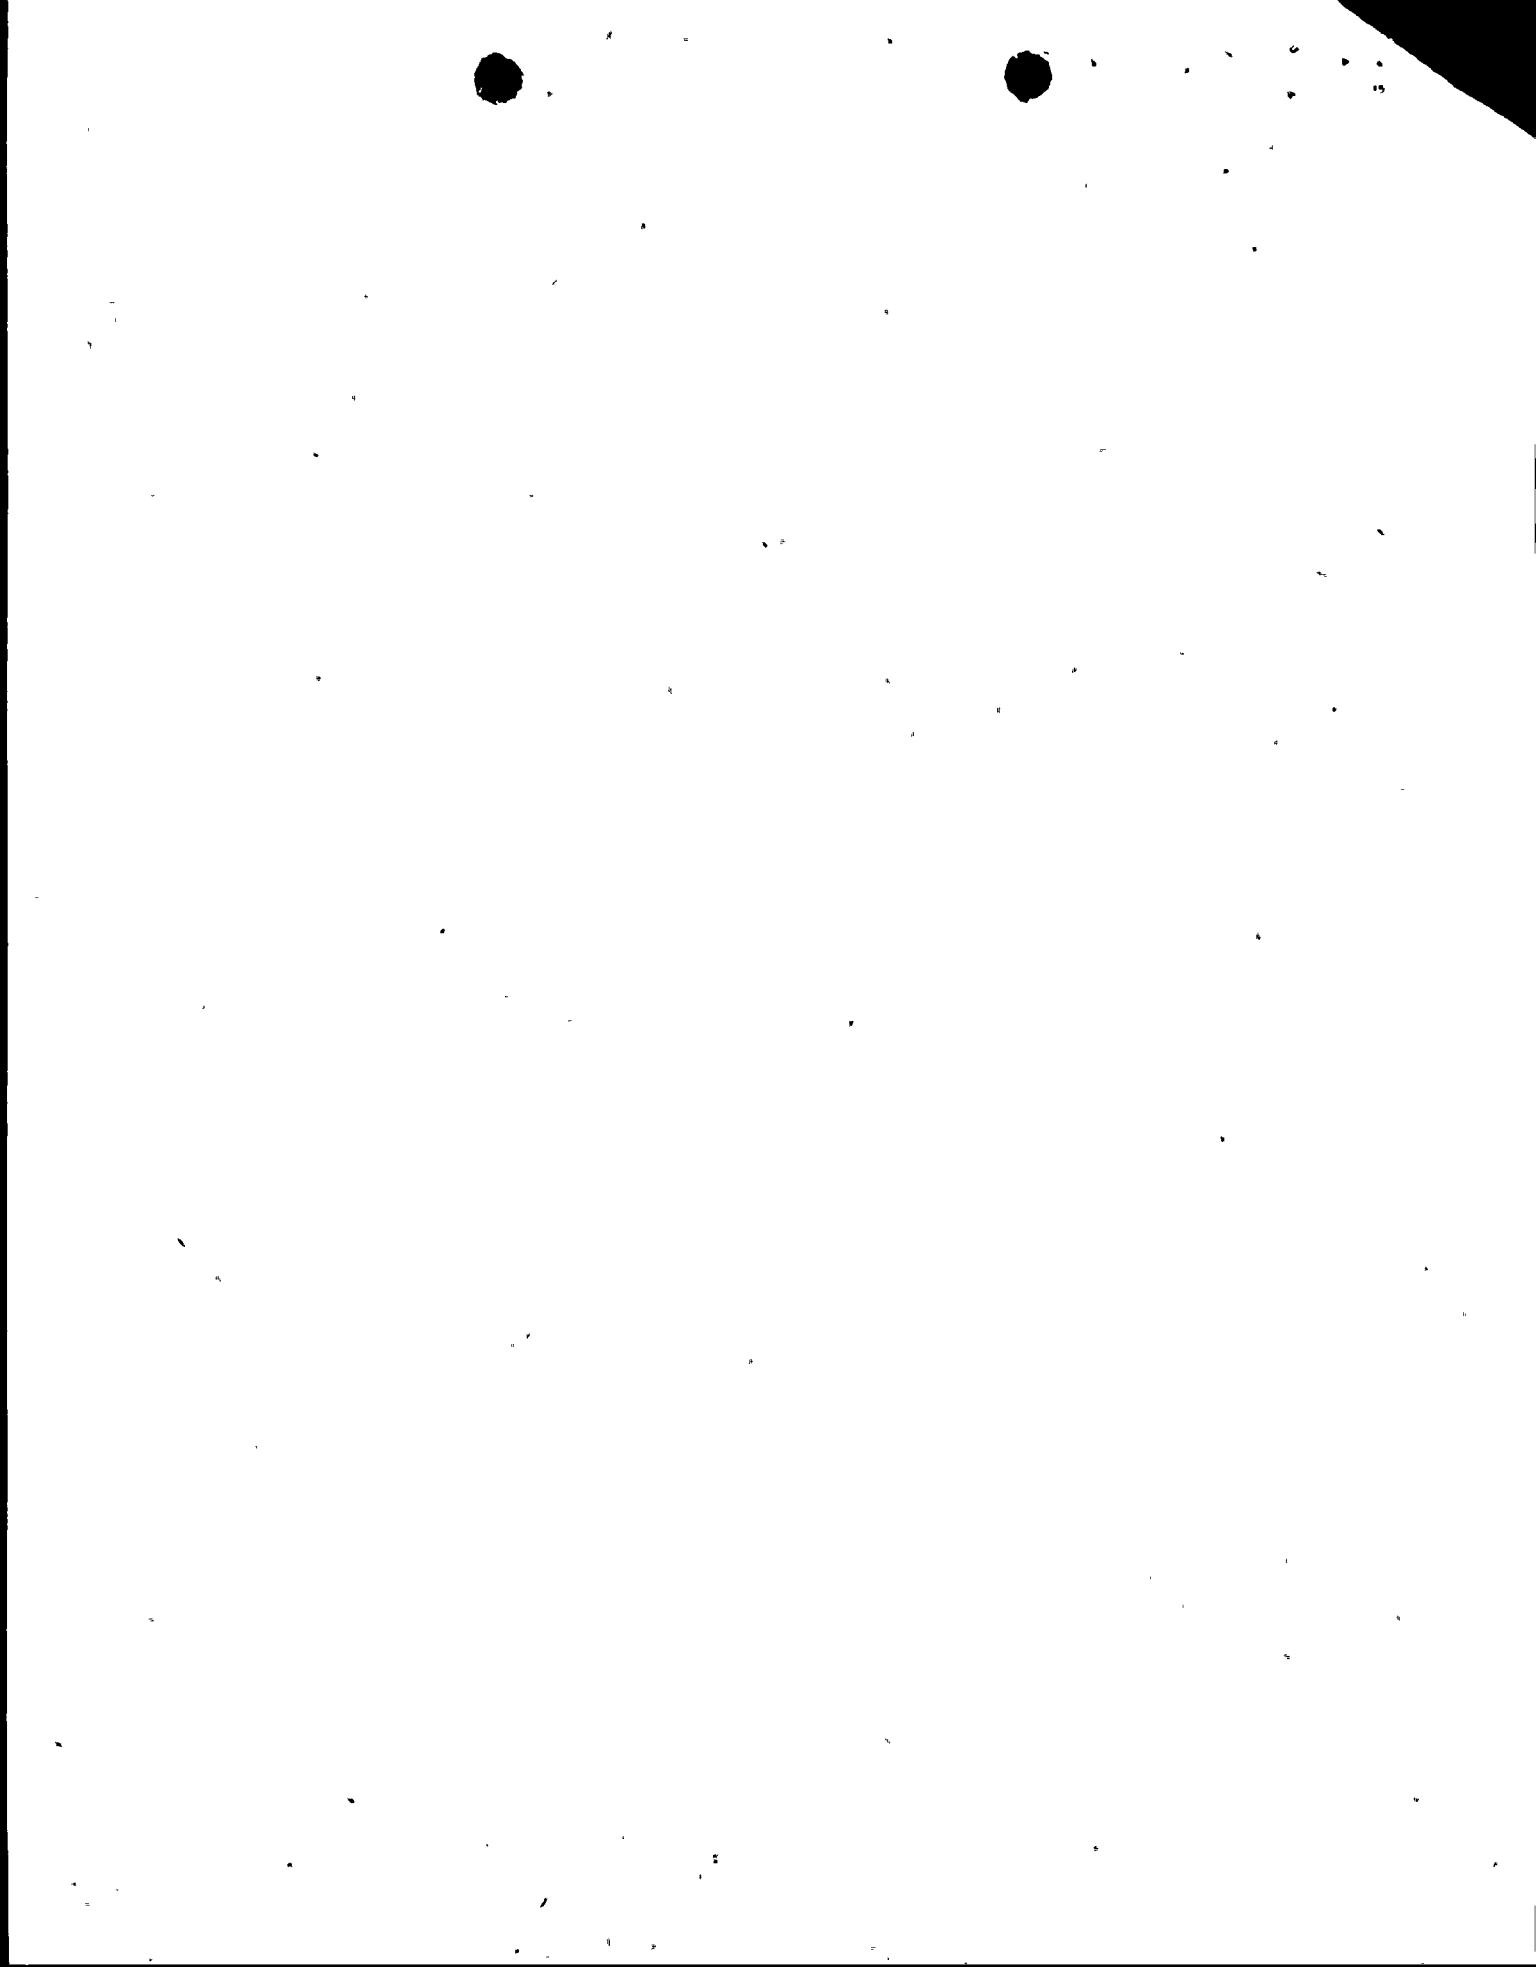

Mark R. Haflich
