Name of Facility: Nine Mile Point Nuclear Station Unit 2

Applicant: Niagara Mohawk Power Corporation

Docket Number: 50-410

Document Transmitted: Final Environmental Statement,
June 1973

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

2. The second part of the document outlines the specific procedures that should be followed when recording transactions. It details the steps from identifying the transaction to posting it to the appropriate ledger account.

3. The third part of the document discusses the importance of reconciling the accounts regularly. It explains how this process helps to identify and correct any errors or discrepancies in the records.

4. The fourth part of the document covers the importance of maintaining proper documentation for all transactions. It lists the types of documents that should be kept and how they should be organized and stored.

5. The fifth part of the document discusses the importance of reviewing the records periodically. It explains how this helps to ensure that the records are up-to-date and accurate, and that any potential issues are identified and resolved promptly.

6. The sixth part of the document covers the importance of maintaining confidentiality of the records. It discusses the various measures that should be taken to protect the information from unauthorized access or disclosure.

7. The seventh part of the document discusses the importance of keeping the records for the appropriate period of time. It explains the various factors that can affect the retention period and the consequences of not keeping the records for long enough.

8. The eighth part of the document covers the importance of backing up the records. It discusses the various methods that can be used to create a backup and the importance of testing the backup process to ensure that the records can be recovered in the event of a disaster.

UNITED STATES ATOMIC ENERGY COMMISSION

DOCKET NO. 50-410

NIAGARA MOHAWK POWER CORPORATION

NOTICE OF AVAILABILITY OF FINAL ENVIRONMENTAL STATEMENT FOR THE
NINE MILE POINT NUCLEAR STATION UNIT 2

Pursuant to the National Environmental Policy Act of 1969 and the United States Atomic Energy Commission's regulations in Appendix D to 10 CFR Part 50, notice is hereby given that the Final Environmental Statement prepared by the Commission's Directorate of Licensing, related to the proposed Nine Mile Point Nuclear Station Unit 2, to be constructed by Niagara Mohawk Power Corporation in Oswego County, New York is available for inspection by the public in the Commission's Public Document Room at 1717 H Street, N.W., Washington, D.C. and in the Oswego City Library, 120 East Second Street, Oswego, New York 13126. The Final Environmental Statement is also being made available at the New York State Office of Planning Services, 488 Broadway, Albany, New York 12207 and at the Central New York Regional Planning and Development Board, 321 East Water Street, Syracuse, New York 13202.

The notice of availability of the Draft Environmental Statement for the Nine Mile Point Nuclear Station Unit 2, and requests for comments from interested persons was published in the FEDERAL REGISTER on January 17, 1973 (38 F.R. 1959). The comments received from Federal, State, local and interested members of the public have been included as appendices to the Final Environmental Statement.

Single copies of the Final Environmental Statement may be obtained by writing the U. S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Deputy Director for Reactor Projects, Directorate of Licensing.

Dated at Bethesda, Maryland, this 4th day of June 1973.
