Dear Mr. Goldsmith:

As one of the parties in the Niagara Mohawk Power Corporation proceeding involving an application for a permit to construct the Nine Mile Point Nuclear Station, Unit 2, you have been receiving copies of correspondence to the applicant originated by the NRC staff during our review of the application.

Documents filed by Niagara Mohawk Power Corporation and correspondence from us regarding the construction and/or operation of the facility will continue to be made available in the NRC and local public document rooms. In addition, we will issue public announcements should any significant events occur with respect to the facility.

If you believe that these sources of information will not adequately serve your needs, arrangements can be made for you to continue to receive copies of NRC correspondence which are sent to the licensee during the next year. If you wish to continue this service, please let us know. You may also wish to contact the licensee directly to ask for copies of documents filed with the NRC.

Sincerely,

St. 1
