Re: Niagara Mohawk Power Corporation  
Docket No. 50-220

Dear Dr. Morris:

As counsel for Niagara Mohawk Power Corporation we hereby transmit three (3) originals and twenty-five (25) copies of an amendment entitled, "Amendment No. 2 to Petition Requesting Amendment of License." Accompanying this petition are seventy (70) copies of a document entitled, "Second Addendum to Technical Supplement to Petition to Increase Power Level."

This Amendment contains answers to Question No. 11 which was raised in your letter of August 27; answers to your questions which were in your letter of September 25; proposed revisions of the facility's technical specifications for operation at the higher power level; and revised figures for the Nine Mile Point Reactor Protection System.

As shown by the attached Certificate of Service copies of the foregoing pleading together with its Technical Supplement have been served upon the appropriate local officials.

Very truly yours,

*LeBoeuf, Lamb, Leiby & MacRae*

Amendment No. 2 To  
Petition Requesting Amendment Of License

Niagara Mohawk Power Corporation, Licensee in the above-captioned proceeding, hereby files Amendment No. 2 to its Petition Requesting Amendment of License. This Amendment transmits the Second Addendum to its "Technical Supplement To Petition To Increase Power Level." This Addendum contains the following information: The answer to question No. 11 transmitted to the Licensee by the Director of Reactor Licensing in his letter dated August 27, 1970; the answers to the questions transmitted to Niagara Mohawk by the Director of Reactor Licensing in his letter of September 25, 1970; proposed technical specifications for the operation of the facility at the
