Don Palmrose will be on another call during the first part of today's meeting. Right after discussion on the two topics are completed, we can take a short break (less than 10 minutes) while I get Don on the line.

Subject: FYI: Additional topic for Monday (2/13/17) public call

Good Afternoon,

The public meeting notice I set up for the Monday call includes the following language: "Other topics related to the application review may also be discussed". Staff have identified another topic for Monday's call. Specifically, Don Palmrose would like to discuss the contents of the MACCS I/O files in the ERR and give accurate feedback to TVA on which native files to submit to the docket.

Thanks,
