November 18, 1985  
(NMP2L 0534)

Dr. Walter Butler, Chief  
Licensing Branch No. 2  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Dr. Butler:

Re: Nine Mile Point Unit 2  
Docket No. 50-410

In reference to SER Confirmatory Item Nos. 30 and 31 concerning cable marking and verification of separator design criteria, Mr. J. Lazevnick (Power System Branch) has requested Niagara Mohawk to inform the Commission when 90% of the cable terminations have been completed at Nine Mile Point Unit 2. This information is necessary for Power Systems Branch to schedule a site visit to close these Confirmatory Items.

Niagara Mohawk anticipates the completion of 90% of all Unit 2 cable terminations by the end of November 1985, and 90% of all Category I terminations are expected to be complete by the end of December 1985.

Very truly yours,

*C. V. Mangan*
